MAY DEFEAT THE LICENSE BY-LAW

UNDERSTOOD MAJORITY OF ALDERMEN OPPOSED

Full Text of Important Measure Which Will Be Reconsidered To-morrow Evening

Great interest attaches to the special meeting of the council to-morrow evening, as it is anticipated that the Revenue Receipts' bylaw—by which measure it is proposed to readjust the liquor licenses of the city—will come up to be reconsidered, adopted and finally passed. While the measure at last Monday evening's meeting of the council passed almost unanimously, it is assured from interviews which a Times representative had with a number of the aldermen to-day that it will meet with a very different reception when it comes to be reconsidered. In fact, it may be predicted with some confidence that it will be defeated. The full text of this important measure is as follows:—

The municipal council of the corporation of the city of Victoria enacts as follows:

Bylaw No. 321 of the city of Victoria is hereby further amended as hereafter.

Saloons—Paragraph 1 of schedule A of said bylaw No. 321, as amended by said bylaw No. 393 and by said bylaw No. 540, is hereby further amended by substituting for the tax of $200.00 imposed by said bylaw No. 540 for every six months, the tax of $325.00.

Grocers—Paragraph 2 of said schedule A, as amended by said bylaw No. 393, is hereby further amended by substituting for the tax of $150.00 imposed by said bylaw No. 393 for every six months the tax of $325.00.

Hotels—Paragraph 4 of schedule A, as amended by said bylaw No. 393 and by said bylaw 540, is hereby further amended by substituting for the tax of $200.00 imposed by said bylaw No. 540 for every six months, the tax of $325.00.

Restaurants—Paragraph 5 of schedule A of said bylaw No. 321 as amended by said bylaw No. 393 and as re-enacted by said bylaw No. 508 is hereby further amended by substituting for the tax of $150.000 imposed by section 5a (full license) for every six months, the tax of $325.00.

And from and after the 14th day of July, 1910, the said several taxes shall be levied and collected in respect of the several and respective licenses, and the said taxes shall from and after the said date be paid in advance to the collector of the corporation on the 15th day of July and the 15th day of January in each year, the first of such payments to be made on the 15th July, 1910.

CROP CONDITIONS IN PRAIRIE PROVINCES

Canadian Northern Agents Report That Hot Weather Has Improved Grain

Winnipeg, June 29.—According to the weekly crop reports issued by the Canadian Northern Railway yesterday covering the system in the prairie provinces, the wheat has never before at this period of the year been in such a flourishing condition as at present.

From nearly all points comes the news that great advance has been made and that the weather of late, hot as it has been, has not damaged the crops. In fact, on the contrary, it has improved matters considerably, and farmers throughout the west are expecting a yield which will eclipse former years by many thousands of bushels.

Optimism is the keynote of success, and the whole farming community is confident, according to these reports, that the crop will be phenomenally big this year.

AWAITING DEATH WHEN REPRIEVED

Order to Stop Execution Arrives as Prisoner is Seated in the Electric Chair

(Times Leased Wire.)

Trenton, N. J., June 29.—A stay of execution, signed and thrown from a passing train by Judge Minturn, is responsible for Arthur Rose being alive to-day.

Rose, who was convicted of wife murder, was seated in the electric chair and the electrician, with his hand on the switch, was awaiting the signal to throw on 2100 volts when the order reached the death chamber to stop the execution. An attorney for Rose awaited the order of Judge Minturn at the railroad station and the document was dropped from a window of the train as it sped past.

The attorney seized the reprieve and hastened with it to the prison.

DESTROYED BY LIGHTNING.

Norfolk, Va., June 29.—A new wireless mast is being installed on the battleship Delaware to-day to replace the old one which was destroyed by lightning yesterday. The Delaware was loading ammunition here when the lightning struck the mast. One man was injured and there was much excitement among the crew as an explosion was feared.

NATIONALISTS AND THE VETO

ARE OPPOSED TO ANY COMPROMISE

May Vote Against Budget—Militant Suffragettes Preparing for Another Campaign

London, June 29.—Premier Asquith in the House of Commons yesterday said he hoped the declaration bill would be regarded as uncontroversial. The present declaration could not fail to be offensive, not only to Roman Catholics, but to the sovereign. They were proposing to substitute a declaration which, instead of singling out for repudiation the cherished doctrines of the Roman Catholic church, simply affirmed that the sovereign was a faithful member of the Protestant church. The dangers against which the old declaration proposed to guard did not now exist.

The Budget.

It is understood that the Irish members have decided to vote against the budget unless they are satisfied that there will be no compromise on the veto question.

The Suffragettes.

After months of comparative inactivity, the militant suffragettes are coming to life again and are threatening another campaign more vigorous than ever, if their leaders are to be believed. The immediate cause of the projected crusade is the refusal of Mr. Asquith to accede to their demand that the equal suffrage bill now pending in the Commons shall be pushed.

According to Mrs. Pankhurst, the plans for the movement have all been completed, and will go into operation unless the prime minister recedes from the position. The Women Suffrage League, which is distinct from the one in which Mrs. Pankhurst is active, has made the announcement that a large number of women taxpayers have agreed to refuse to pay their taxes unless they are permitted to vote.

FALLS TO DEATH.

Alaska Mining Man Killed While Attempting to Take Short Cut Home.

Valdez, Alaska, June 29.—Charles A. Oswald, well known mining man, fell 500 feet down a mountain side to his death Monday night. News of the accident reached here to-day.

Oswald and a companion were prospecting along the edge of the mountain side. He proposed to climb down the side of the cliff and take a short cut to camp, but his companion refused. Oswald was determined not to take the circuitous route home, and the men separated.

Several hours later Oswald had failed to return to camp, and his partner, on searching for him, discovered the body at the bottom of a gulch. The body will be sent to Seattle for burial there.

DRY DOCK FLOATED.

Manila, June 29.—After several weeks' operation, the dry dock Dewey is afloat to-day in better shape than was expected. The pumps have been kept in constant service the past few days.

A careful investigation was started by a special board to-day to ascertain the cause of the sinking. Several reasons have been advanced, but not until the board reports to the navy department at Washington will the real cause be made public.

REDUCTIONS ORDERED IN FREIGHT RATES

Railways, However, File Petition for Rehearing in U. S. Supreme Court

(Times Leased Wire.)

Washington, D. C., June 29.—The Interstate commerce commission to-day ordered reductions averaging 25 per cent. in trans-continental railroad freight rates in an important series of decisions based upon complaints from Spokane, Portland, the Nevada railroad commission and the Salt Lake City chamber of commerce. The largest reductions are made in rates in territory from the Pacific coast to the Missouri river.

Following the decision of the commission the railroads interested filed a petition for a rehearing of the Missouri river rate case in the United States Supreme Court. The petition acts as a stay on the action of the commission until October, when the petition for a rehearing will be considered by the Supreme Court.

Reductions were made in almost every case in which Western shippers made complaints.

The decision of the commission in the Spokane rate case was that present rates were excessive. The commission held that Spokane shippers should not be required to pay the rate for shipping freight to Spokane from Eastern points plus the rate from Spokane to the Pacific Coast.

A similar decision was rendered in the so-called Reno case, in which shippers of Reno, Sacramento and Utah points complained that they were compelled to pay Pacific Coast terminal rates.

RAILWAY EARNINGS.

Montreal, June 29.—C. P. R. earnings for May were $8,378,114; expenses $5,821,850; net earnings $2,556,264; increase, $629,463.

—Montreal Herald.

WITH THE APOSTLES OF WOE.

APOSTLE DOHERTY—"It's terrible the amount of prosperity we are meeting everywhere, isn't it, Borden?"

APOSTLE BORDEN—"Yes. It's awful. But cheer up, maybe there will be an earthquake or a cyclone some day to make things a little more cheerful for us."

LIFE SENTENCE FOR DR. HYDE

WAS CONVICTED OF MURDER OF MILLIONAIRE

Attorneys for Defence File an Appeal to the State Supreme Court

(Times Leased Wire.)

Kansas City, Mo., June 29.—Dr. B. C. Hyde on Tuesday next will be sentenced to spend the remainder of his life in states prison by Judge Ralph Latshaw for the murder of Colonel Thomas H. Swope, the Kansas City millionaire philanthropist.

Attorneys for Dr. Hyde used every means available to avert the imposing of the sentence. Judge Latshaw to-day overruled a motion for a new trial for the defendant. In doing so, he epitomized the entire trial of the physician.

"The evidence demonstrated a plot," said the court, "and the different manifestations of that plot were so related that they disclosed common motives, prompted by avarice and cupidity, running through all transactions and indicating that its ultimate design was to obtain possession of the deceased's vast fortune by eliminating every human obstacle as pawns from a chess board."

Dr. Hyde will remain in the county jail instead of beginning his prison term, so as to be near Mrs. Hyde, who soon is to become a mother. This phase of the Hyde case was one strongly emphasized by attorneys for Hyde when they pleaded with the jury for the acquittal of the defendant.

The defence has filed an appeal to the State Supreme Court and it is believed that the appeal will be granted. The court, however, refused to release Dr. Hyde on bail, pending the appeal.

BONUS GRANTED FOR NEW DRYDOCK

Government Approves Application Made by Vancouver Company

(Special to the Times.)

Ottawa, June 29.—The government yesterday afternoon approved the application of the Vancouver Dry Dock Co. for a bonus for a second-class dock. The bonus, for twenty-five years of three and a half per cent., is granted on a dock to cost $1,200,000. The dock will lift ships of 15,000 tons, which is more than any now coming to Canada. The company will have a ship repair and construction plant and car works costing $500,000. The latter will not be bonused.

BOMB EXPLODES.

Barcelona, June 29.—The police yesterday found a bomb in the streets. While they were conveying it to the city laboratory in a patrol wagon, it exploded, killing a passerby and seriously injuring four policemen.

ENGINEER GOES TO SOOKE LAKE

MORE DATA ON THE WATER QUESTION

Burwell's Report to Be Supplemented by Another From Angus Smith

Angus Smith, city engineer, left yesterday for Sooke Lake to make an aneriod survey of the country lying between the Lake and Leech river, such data to be handed over to H. M. Burwell, so that he may be able to complete his report for the Citizens' Water committee.

Mr. Burwell, in the interim report which he has already handed to the mayor, estimates that the cost of boring a tunnel through the Sooke mountains would be $30 per foot, and in the opinion of almost everybody this makes the Sooke scheme impracticable.

Mayor Morley is desirous, however, that further data shall be placed in the hands of Mr. Burwell, and it is to this end that the city engineer has proceeded to Sooke. There have been but two meetings of the Citizens' Committee, and no hope is entertained by any one conversant with the circumstances that anything will be done with the Sooke project this year.

In the meanwhile the Esquimalt Waterworks Company is busily engaged in laying its six-inch main to supply the city. Under the terms of its charter the Esquimalt company must supply the city with water at the rate of six cents per thousand gallons, provided, however, that a clear year's notice be given.

On Mr. Burwell's final report being received a further meeting of the Water committee will be held, when some policy for the improvement of the water supply of the city may be developed.

THIRTEEN HUNDRED TRIBESMEN SLAIN

French Lose Thirteen Killed and One Hundred Wounded in Battle in Morocco

(Times Leased Wire.)

Tangier, Morocco, June 29.—Couriers arriving here to-day report the slaughter of 1,300 natives in a battle with French troops in the Tadla district, on June 23.

The French losses are said to have been slight. No details of the fighting are obtainable.

French Losses.

Paris, June 29.—French troops encountered a force of Moroccan hillmen at Oumer Rebia, Morocco. The French lost thirteen officers and men killed and 109 wounded.

General Meinier is hastening to chastise Berbers and other hill tribes.

STATES AND HUDSON BAY

PREPARING TO CONTEST CLAIMS OF CANADA

Masters of American Vessels May Decline to Pay for Canadian Licenses

(Special to the Times.)

Ottawa, June 29.—Information has been received here that it is the intention of the United States government at the first opportunity to contest Canada's claim to exclusive rights over Hudson Bay.

Owners and masters of American vessels which proceed to those latitudes have been officially notified from Washington that they need not recognize Hudson Bay any longer as an inland sea in possession of Canada, which in effect means that American vessel owners may decline to pay for Canadian licenses and other dues.

Capt. Cromer, who is one of the best known American traders in Hudson Bay, has been in Ottawa for the last few days and in an interview declared his intention to ignore the Washington order.

PLEADS GUILTY.

Washington, D. C., June 29.—Edward S. Holmes, former statistician of the department of agriculture, to-day pleaded guilty to a charge of allowing information to leak concerning the cotton crop report issued by the government. The extreme penalty is a fine of $5,000.

THREE PERISH WHILE BATHING

Woman and Two Midshipman Drowned in Severn River, Near Annapolis

Annapolis, Md., June 29.—An official investigation is under way to-day into the circumstances attending the drowning of Mrs. Joseph Bowyer and Midshipmen Sherman N. Nason and Grigsby Thomas, whose bodies were recovered from the Severn river near here to-day.

The trio left Annapolis late yesterday in a sail boat for a pleasure trip up the river. When they failed to return a search was begun. The boat was discovered anchored near shore a mile and a half from Annapolis, and further search brought to the surface the bodies of all three persons. Their clothing was found in the boat, and the belief is that the three were stricken with cramps while bathing.

Mrs. Bowyer was the daughter-in-law of the superintendent of the naval academy here. Nason was a midshipman and his home was at Newport, R. I.; Thomas' home was at Union Point, Ga.

ZEPPELIN NOT DISCOURAGED

DECIDES TO BUILD ANOTHER AIRSHIP

Will Take Place of the Deutschland, Which Was Wrecked in Storm

(Times Leased Wire.)

Berlin, June 29.—Heartbroken but undaunted by the wreck of the aerial liner Deutschland, Count Zeppelin, its inventor, announced to-day that he will at once construct an airship half the size of the Deutschland, but with a carrying capacity of forty passengers.

Manager Coleman, of the German Airship Company which conducted the trips of the Deutschland, said the fate of the high liner would not alter the company's plans for passenger air lines.

"No airship of another type would have dared to ascend in such a wind as prevailed yesterday," said Coleman. "No other airship could have weathered that hurricane. The problem of navigating the air in rough weather was solved by the Deutschland's ascension yesterday, but the problem of alighting in rough weather is unsolved.

"Our faith in commercial aviation is unshaken, and we will continue our plans for aerial passenger lines."

The Deutschland made the first purely commercial aerial flights several days ago. Yesterday's disastrous trip was the third of any consequence made by the big "palace of the skies." After remaining on the ground for two days awaiting better weather, the operators of the Deutschland decided to brave the wind and ascend yesterday with more than a score of reporters aboard. The reverse motor failed to work and the big liner was driven before the wind for 100 miles before crashing to the ground, near Bury, an almost total wreck.

It was learned to-day that three of the Deutschland's passengers were injured internally when the craft plunged to earth. While it was still some distance above the Leutburger forest, a member of the crew, named Hohenstein, became panic-stricken and jumped from the car.

The wreckage of the Deutschland was gathered up and shipped to Friedrichshafen to-day. The vessel cost $300,000, of which two-thirds was salved. The balance was uninsured and will be a total loss. The troops guarded the wreck last night.

EARTHQUAKE SHOCKS.

Cleveland, Ohio, June 29.—Two earthquake shocks were registered on the seismograph at St. Ignatius College here to-day. The disturbance apparently occurred at a distance of 3,000 miles from Cleveland. The first shock lasted from 2.45 to 3.12 a. m. The second was a series of graduated tremors, the first vibrations beginning at 5.29 a. m. and lasting until 5.35, and the main shock at 5.32 and continuing until 6.24 a. m.

Washington, June 29.—The seismograph at Georgetown University to-day registered two distant earthquakes. The tremors lasted from 6.39 a. m. to 7.02.

WILL DEMAND EXTRADITION.

Rome, June 29.—The minister of foreign affairs to-day decided to demand of the United States the extradition of Porter Charlton to face trial for killing his wife, Mary Scott Castle Charlton, at Moltrasio, on Lake Como.

JURY IN BRIBERY CASE FAILS TO AGREE

Out for 115 Hours But Unable to Reach Verdict—Record for Illinois Court

(Times Leased Wire.)

Chicago, June 29.—After having been out 115 hours considering the evidence in the trial of Lee O'Neil Browne, charged with bribery in connection with the election of William Lorimer to the United States senate, the jury in the case reported to-day that it could not agree upon a verdict. The jury was thereupon discharged by Judge McSurely.

When court convened at 10 o'clock to-day the indications were that the jury would disagree. They plainly appeared restive under the rigors of their long confinement, and Judge McSurley had announced that unless an agreement were reached to-day he would dismiss the jurymen.

The jurors appeared little pleased with their long siege behind guarded doors. Many looked ill and worn. All were unkempt, and it was apparent that little good feeling existed among them. None appeared elated over the record they had set in the courts of Illinois, having been out the longest of any jury in the history of criminal proceedings in the state.

States Attorney Wayman said he would ask for a re-trial at once.

"The state is ready and willing that a new trial start this afternoon," said Wayman. "I will insist upon an early trial."

When Judge McSurely called the jury in to-day he asked if there was any chance for an agreement. The jurors answered in unison that there was not.

The court again urged them to try to agree, and the jurors replied that any further attempt would be useless. Judge McSurely then discharged them.

PACIFIC CABLE NEEDS LAND LINE

MANAGER IN CANADA TO MAKE ARRANGEMENTS

Business Grown So Enormously as to Render Link Across Dominion Necessary

The Pacific Cable is being used in an ever-increasing degree within the past three years, and is now fulfilling the service between the chief portions of the empire that was hoped for at its inception.

So great is the volume of business now offering between Australia and the old land that an independent land line across Canada has become an imperative necessity. Hitherto the cable company has had to transfer messages to the C. P. R. Telegraph Company for transmission over the continent, but it is felt that this arrangement will not meet the present and future needs of the service.

John Milward, Australian manager of the Pacific Cable, arrived on the Marama and goes through to Montreal, where he will meet A. S. Baxendale, London, chairman of the Pacific Cable Board, and together they will discuss with the officials of the C. P. R. Telegraph Company the leasing of a wire from Vancouver to Montreal. Later Mr. Milward and Mr. Baxendale will come to the coast and inspect the B. C. terminal station at Banfield.

Speaking to a Times representative this morning Mr. Milward stated that the business of the Pacific Cable has grown enormously of late and is bound to increase to a remarkable degree. This has made it necessary that the board secure a land link which will be under its control at all times. The securing of this will also give a great impetus to the Imperial press service.

As an instance of the efficiency of the Pacific Cable Mr. Milward mentioned that at the time of the King's death the London office filed a press story with the Commercial Cable and Eastern Extension and also with the Pacific Cable. The Pacific Cable beat its rivals by several hours in the delivery of the message in Australia.

AGREEMENT WITH RAILWAY RATIFIED

Vancouver Ratepayers Favor the Grant of Land at Head of False Creek

(Times Leased Wire.)

Vancouver, B. C., June 29.—By a vote of over four to one, in the heaviest bylaw polling in the history of the city, the property owners of Vancouver yesterday gave their assent to the False Creek agreement between the city and the V. V. & E. Railway Company, by which the latter is granted sixty-one acres in the head of the creek in exchange for the extinguishment of the riparian rights on the north shore.

From the opening of the ward polls at 9 o'clock yesterday morning until they closed at 7 p. m. there was a continual stream of voters pouring in to register their opinions, and the total registered vote of 3,374, not including spoiled ballots, shows how keenly the issue touched the average ratepayer.

Figures of yesterday's voting on the bylaw were: For, 2717; against, 657. Necessary number of votes to carry, 2,025. Majority over three-fifths, 692.

HOUSES WRECKED BY CLOUDBURST

Four Persons Killed in Kentucky —Death Roll May Be Increased

Sayersville, Ky., June 29.—Efforts are being made to ascertain how many deaths were caused by a severe cloudburst in Flood, Knott and Magoffin counties early to-day, when inestimable damage was done to property and crops. Four bodies have already been recovered and it is believed several more persons were killed.

Thirty houses, many barns, and several railway bridges were wrecked by the flood waters along Middle creek. At Beaversville stores were destroyed. The bodies already recovered were taken from wrecked dwellings.

Middle Creek is crowded with floating debris and it is reported from Paintersville that the body of a woman was seen floating in the stream. Wo 1 was sent to down-stream towns to keep a look-out for the body.

More Bodies Recovered.

Sayersville, Ky., June 29.—(Later.)—Seven bodies already have been recovered and fifty persons are missing as a result of a cloudburst in Moffin, Flood and Knott counties early to-day.

The bodies of Mr. and Mrs. Gay Hart and their children were found late to-day, and four bodies were previously recovered from the ruins of wrecked dwellings. Among the missing are the families of William Conley and John Wireman.

SAYS WHEAT CROP HAS NOT SUFFERED

Toronto Grain Merchant Ridicules Report of Damage in the Northwest

(Special to the Times.)

Toronto, June 29.—Among local grain men there is a disposition to discredit any attempt to alarm the people over the probable outcome of the Northwest wheat crop. D. W. Mathews voiced the opinion of a majority of the grain merchants in Toronto to-day when he said: "I do not believe that anybody at the present time can tell anything about the crop. We all know that rain and cool weather, while it kept it back a little, increased the strength and endurance of the grain in most sections. So far as our knowledge goes, we are unable to locate any instances of damage either by rain, drought, heat or bugs."

CASE AGAINST MINE OWNERS UNFINISHED

Claim Arising Out of Explosion at Extension Will Be Adjourned Until September

The action of Kerserech against the Wellington Colliery Company, in which the widow of a miner killed in the Extension mine explosion last year claims damages, will probaby be adjourned this afternoon until after the vacation. The case has been occupying the Supreme court for eight days, but slow progress is being made, the defence having so far only called two witnesses. Alexander Shaw, underground manager of the mine, is to-day occupying the stand. The plaintiff's counsel is endeavoring to connect breaches of rules and negligence in the mine with the accident.

The long delay and the increased costs arising out of it will fall heavily upon the miners' families which are bringing the claims. It is stated that seven relatives of men who were killed in the mine are financing the legal fight for compensation.

Bird & Darling are appearing for the plaintiff and E. V. Bodwell, K. C., and A. P. Luxton, K. C., for the defendant company.

JAPANESE DEAD ON DOORSTEP OF SHACK

Body Found in Pool of Blood on Tillicum Road To-day—Inquest To-morrow

Lying on the doorstep of his shack on the Tillicum road, South Saanich, a Japanese named Nakabayashi was found dead this morning with his head and face covered with blood. The discovery was made by some of the dead man's neighbors, who telephoned to the provincial police that a murder had been committed.

Constable Conway investigated the matter during the forenoon and found no marks on the body to indicate violence. The supposition of the police is that the Japanese, who lived by himself, was taken sick during the night and while leaving the house to seek assistance died from hemorrhage.

Coroner Hart will hold an inquest to-morrow afternoon. Constable Little, of South Saanich, has taken charge of the body.

DIES IN ARKANSAS.

(Special to the Times.)

Winnipeg, June 29.—John D. Landers, a well known conductor of the C. P. R., running out of Winnipeg, died to-day at Hot Springs, Ark.

IN CRITICAL CONDITION.

Toronto, June 29.—Rev. Dr. Alex. Sutherland, secretary of the foreign mission board of the Methodist church, is very low this afternoon and is not expected to live through the day.

Success is only for those who are willing to stand by her standards.—Kaufman.

SOVEREIGN'S DECLARATION

AMENDMENTS TO OATH INTRODUCED

Speech by Premier Asquith on the Bill—Comments by London Newspapers

(Special to the Times.)

London, June 29.—Premier Asquith yesterday introduced the bill to amend the King's declaration in crisp, lucid style, briefly surveying the history of the declaration. He pointed out, curiously enough, that at its inception in 1678, and for years afterwards, it had nothing whatever to do with accession to the throne, and the sovereign was not required to take it. The declaration was taken by all the members of both Houses, and these were described as sworn subjects of the sovereign. In 1700 the declaration was framed for different purposes and for an entirely different class of persons. It was introduced to protect the crown. The declaration was framed in a time of great popular excitement, under the belief that a great conspiracy had been hatched to murder the sovereign, subvert the Protestant religion and destroy the liberties of the people. No candid person would deny that circumstances in all material respects had vitally changed since then. Moreover, Roman Catholic subjects of the crown had grown enormously in number and now doubted their strength, and no one now doubted their loyalty or supposed their loyalty required to be hedged around by special safeguards.

Premier Asquith pointed out the offensiveness of the declaration to the sovereign himself; it was well known that the late King Edward found it a most repugnant duty to have to utter this preposterous formula directed against so many of his loyal subjects. There were other statutes existing safeguarding the Protestant faith and Protestant succession to the throne.

Mr. Balfour joined with the premier in his appeal to defer the inevitable discussion until the second reading of the bill. He thought the change ought to be made if they could absolutely safeguard Protestant succession in order to remove offence to the King's loyal subjects.

Wm. Redmond, who welcomed the bill, said Catholics would challenge the statement that steps were considered necessary to secure the Protestantism of the sovereign and Protestant succession to the throne. The proposed alteration would remove something which was unjust to members of one church.

Captain Craig opposed the proposal because the Church of Rome was a temporal as well as a spiritual power. Opposition also came from Sir C. Cory Moore, Agar Robartes and Hon. Neil Primrose, while several other members in the course of brief speeches gave the bill their support.

Press Opinions.

The Chronicle says: "The bill seems likely to be so far non-controversial in that the opposition, as such, will not be against it. The government's policy is logical and meets a real grievance fully, therefore it contains a promise of finality."

The Daily Graphic congratulates the government on its courage in attempting to deal with such a thorny subject. The comparatively small minority voting against the bill gives an inaccurate impression of the opposition, but it is to be hoped that this opposition will be concentrated not on the principle of the bill, but on the wording.

The Daily News says: "The new declaration is preferable to the older formula."

The Leader says there is no guarantee in the old form of declaration, with all its offensiveness to Catholics, which is not to be found in the new.

The Daily Telegraph says the proceedings in the Commons can only be regarded as a happy prelude to King George's reign and of emphatic service to the moral unity of the Empire.

The Morning Post says no doubt exists that the bill will pass substantially in its present form, and it is desirable that its passage should be marked with as little wrangling as possible.

The Times anticipates more extensive opposition on the second reading, but says when taken in conjunction with other safeguards, the declaration must surely be felt to afford every security a formula can give.

The Daily Mail says Premier Asquith could not have chosen a more favorable moment for the bill. Sensible men of all parties will welcome the new declaration.

ENDED HIS LIFE.

Man Believed to Be Missing Government Employee.—Leaps From Steamer.

Detroit, Mich., June 29.—A man believed to be a former official of the Canadian government and to have fled from Ottawa when frauds were discovered in the Dominion government printing office, is said to have committed suicide when the Eastern States was en route from Buffalo to Detroit.

The Eastern States arrived here yesterday. A note was found signed F. Gouldthrite, Rockcliff Park, Ottawa, Ont., in the affects of a man believed to have attempted to cut his throat and who then jumped overboard. The message read:

"Seek my body in the Detroit river. Look for letters in overcoat."

Letters addressed to Mrs. Avele Gouldthrite and Miss Avelene Gouldthrite were found in his effects.

TOO LATE TO CLASSIFY

RECORDS MADE BY UNITED STATES CONGRESS

Recent Session Get New Mark for Appropriations and Was Wordiest on Record

Washington, D. C., June 29.—In addition to spending $1,074,000,000, or a trifle more, the recent session of congress was the wordiest on record. The Congressional Record totalled nearly 10,000 pages and each page contains more words than the average newspaper column. This has set statisticians to guessing the number of words uttered by the solons during the session. Figuring that only 6,000 pages were devoted to debates and speeches, the other 4,000 pages to records, the statesmen uttered something like 10,800,000 words.

Bills introduced in the House during the session numbered 27,065, and in the Senate 8,800. Thousands of these were pensions and private claim bills. Of these intended for the public good, 136 House and 83 Senate bills have become laws.

The Senate ratified three treaties of no great importance and confirmed 10,800 appointments by the president, who established a record in the number of appointments.

The recent session convened on December 6th. The long sessions of the five preceding congresses ended on May 30th, June 30th, April 28th, July 1st and June 7th.

Deaths since the preceding session included Senators McLauren of Mississippi and Johnson of North Dakota, and Representatives Griggs of Georgia, Loveridge of Massachusetts, Perkins of New York, Dearmond of Missouri, and Lassiter of Virginia.

POSTAL SAVINGS BANKS.

Washington, D. C., June 29.—Postmaster-General Hitchcock, Attorney-General Wickersham and Secretary of the Treasury MacVeagh, created trustees of the postal savings bank system under the new postal bank law, met yesterday. The trustees are expected under the law to devise plans for the banking system and select the cities in which banks shall be established.

Postmaster-General Hitchcock said that the trustees intend to complete the organization of the system as soon as possible.

NEW RAILWAY SHOPS AT PRAIRIE CAPITAL

National Transcontinental Commission Awards Contracts for Big Cranes

Ottawa, June 29.—The National Transcontinental railway commission yesterday awarded the following contracts for the work shops at Winnipeg: Morgan Engineering Co., of Alliance, Ohio, secure the contract for one 140-ton electric travelling crane. Mussens, Ltd., of Montreal, are awarded the contracts for eleven electric Booth cranes. George Anderson & Co., Montreal, will supply one five-ton grey iron foundry crane, five hand power travelling cranes and 150 gib cranes, while the contract for cranes goes to the Whiting Foundry Co., of Harvey, Ills. The contracts were awarded in every case to the lowest tenderers.

KIEL REGATTA.

Kiel, June 29.—The Westward, owned by Alexander S. Cochran, of New York, won the fourth successive race in the regatta here yesterday. The Westward defeated the best German boats.

WILL CLOSE SHINGLE MILLS.

Vancouver, June 29.—Because of the slack condition of the market, shingle manufacturers of British Columbia have decided to close down on July 1st for an indefinite period. The effect of this cessation of operations will mean a big decrease in the production.

WILL BUILD LARGEST GOLD DREDGE IN WORLD

Big Machine to Be Operated by Canadian Klondike Company on Bear Creek

Vancouver, June 29.—Material for the largest gold dredge in the world is now being shipped from Vancouver to Dawson. The plant will be installed on Bear creek, at the mouth of the Klondike river. It is planned to have the hull of the dredge assembled and the machinery in place in time to make some test runs before the end of the present season, so that everything may be in shape to start permanent operations as soon as Bear creek opens next spring. The dredge is owned by the Canadian Klondike Mining Company, which controls a large area of ground on Bear creek. All the material entering into the construction of the hull of the dredge is being purchased in Vancouver. Over 500,000 feet of lumber will be contained in the hull of the dredge.

NEW FREIGHT RATES.

Washington, June 29.—Under the new railroad law the Central Freight Association, including railroads of Ohio, Indiana, Michigan, and Illinois, yesterday filed new tariff schedules with the interstate commerce commission. The roads desire the rates to become effective August 1st.

The rates filed represent a general increase of from 10 to 15 per cent. over the present rates. It is expected that eastern roads will file their new schedules before Friday.

DESIRES EARLY DECISION IN TRUST CASES

United States Attorney-General Discusses Legislation to Prevent Monopoly

Cambridge, Mass., June 29.—Attorney-General Wickersham, in discussing "The Relation of Legal Education to Governmental Problems," before the Harvard Law School Association, described the growth of federal power as exemplified in the interstate commerce commission.

In discussing the various phases of anti-trust legislation and prosecution, Wickersham expressed regret that the crippled condition of the United States Supreme court prevented early decisions in the Tobacco and Standard Oil cases.

"I greatly desired that the cases be decided early," said the attorney-general, "principally desiring that the decision be clear so that it would afford a practical standard which while protecting us against the inevitable evils of monopoly and attempts to stifle competition, would leave untrammelled the avenues of legitimate development of commerce."

Wickersham expressed his approval of the railway legislation passed by congress, the extension of the power of the interstate commerce commission and the establishment of a commerce court.

TRAINMEN'S WAGES.

Compromise May Be Reached by Railways and Employees.

Montreal, June 29.—Conferences were held yesterday between representatives of the Grand Trunk and Canadian Pacific railways and representatives of the Trainmen's and Conductors' unions, and while nothing definite has resulted a more conciliatory spirit seems to prevail as the result of the conference, and it is hoped that out of further conferences which are to be held some compromise will follow.

The representatives of the men had a couple of hours' conference with President Fitzhugh, of the Grand Trunk, and subsequently held a conference with Vice-President McNichol of the Canadian Pacific, who returned to the city yesterday and took charge of the negotiations on behalf of the company. At the conference with Vice-President Fitzhugh of the Grand Trunk the men's representatives demanded the adoption of the standard rate for territory east of Chicago, but the representative of the company absolutely declined to agree to this, pointing out that the conditions of the road were quite different from those governing the other railways in question. As soon as the conditions should become equal it was stated that the company would consider the matter of standardization of wages, but not until then. No definite counter offer was made by the company, but tentative officers were submitted to the men's representatives which may pave the way for a compromise.

QUESTION OF DUTY.

Washington, D.C., June 29.—Secretary of the Treasury McVeagh has ruled that certain importations containing about 5 per cent. of merino wool and 90 to 95 per cent. goat hair brought to the United States on what are commonly called capskins, from South Africa, and which are of Persian origin, are properly dutiable at 3 cents per pound. The courts had held that such importations are dutiable at 10 cents a pound, as merino wool. The Gloversville, N. Y., and other glove interests were represented at hearing which the secretary gave on the subject yesterday. The skins on which the wool come are used in the manufacture of gloves and it was contended that if importers were required to pay the high rate of 10 cents, it would seriously interfere with their business.

INDIGNATION MEETING HELD BY HINDUS

Protest Against Attempt to Deport Member of Colony at Vancouver

Vancouver, June 29.—The Hindus of this city last night held an indignation meeting over the threatened deportation of a prominent member of their colony. He came to Vancouver from Honolulu five months ago, entering as a tourist, but has since engaged in business here. Now the local immigration authorities are endeavoring to deport him on the ground that he did not come by direct passage from India.

The protest of the meeting, which was cabled to Lord Morley and Lord Minto, and wired to Sir Wilfrid Laurier, is as follows:

"Hindustani association, Vancouver, in special meeting protest against the action of local Dominion immigration officials regarding the threatened unlawful deportation of Mr. H. Rahim, a British subject and a respectable Mohammedan merchant, manager of the Canada India Trust Company, here, and holding land property. As British subjects we demand our inalienable rights to reside and move freely in the British empire, and request immediate redress against the high-handed, impolitic and empire-breaking action of the local authorities.

(Signed) G. D. KUMAR.
Secretary of Meeting.

ATTEMPTED MURDER.

Cuban Congressman Fires at Fellow Legislator in Lobby at Congress at Havana.

Havana, June 29.—A sensational attempt to kill Antonio San Miguel, congressman from Pinar Del Rio, and editor of La Lacha, was made in the lobby of congress a few minutes before that body was to open its session. Congressman Manuel Lores of Oriente was the assailant. The single shot he fired went wide, but almost hit another congressman standing near.

San Miguel was standing in the lobby when he was approached by Lores, who had several friends with him. Lores whipped out a revolver and fired at San Miguel at short range. The bullet missed its mark, but grazed the head of Congressman Antonio Gongales Lanuza, leader of the Conservative party, who was standing behind Miguel. The latter drew a pistol, but before further shots could be exchanged the combatants were separated.

The attempted assassination created a great commotion, and its was some time before quiet could be restored. The session of the House then proceeded. It is believed that a duel between Lores and San Miguel is inevitable.

The cause of the murderous attack was the attitude of Congressman San Miguel in denouncing editorially as a colossal fraud the proposition to exchange the Villa Neuva station of the United Railways, on the Prado for the government arsenal lands, of which scheme Lores and his colleagues are ardent supporters. When the question came up in the House on June 24th there was a violent scene, and pistols were drawn, whereupon further discussion of the project was postponed until to-day. It had been placed on to-day's calendar, but because of the shooting its discussion was further postponed.

The attempt to kill San Miguel, when it became generally known, caused intense excitement throughout the city, and the prediction is general that the shooting is only the preliminary of a bloody factional feud. Lores was not arrested on account of his congressional immunity.

AMATEUR AVIATOR'S RECORD.

New York, June 29.—Clifford B. Harmon in a Farman bi-plane, sailed 31 times around the course at Mineola, L. I., last night, remaining aloft one hour and five minutes, covering approximately 45 miles and establishing what is believed to be a new amateur record for duration. Harmon is wealthy and has never competed for prize money.

KELOWNA LIQUOR LICENSES.

Kelowna, June 28. — At the regular meeting of the council Ald. Jones read a draft of a new liquor license by-law, providing a number of changes in the regulations regarding the issuance and renewal of liquor licenses in Kelowna. Among its provisions the by-law requires that a fee of $150 shall be paid for each transfer sanctioned, and that all licenses shall terminate at the end of the six months period for which they are granted, when application for renewal can be made to the board of license commissioners, who can refuse to renew any license, should they see fit to do so. Powers of cancellation at any time for misconduct or any other sufficient reason, are conferred upon the commissioners.

Ald. Cox said he was surprised to find the council has power to enact such a by-law, as last year's council had tried to legislate along the same lines, but had been told they had not the power to do so.

On motion of Alds. Stirling and Jones, the by-law received its first reading.

SENT TO HONGKONG.

Manilo, June 29.—Antemio Ricarte, the leader of an attempted revolution in 1903, who on Tuesday was released from prison on a writ of habeas corpus, has been deported to Hongkong, from which place he came to the Philippines. His deportation followed a refusal to take the oath of allegiance.

ANNOUNCEMENT.

John Nelson, who for more than twelve years has been connected with the Times as reporter, city editor and managing director, leaves for a new field of labor this evening. Mr. Nelson will at once assume the important position of general manager of the Vancouver News-Advertiser.

As a rule a man connected with a newspaper in any capacity makes many friends. He also, if he is a real newspaper man and does his duty by the institution and the public he serves, incurs the enmity of a few individuals. There may be men in the business who by reason of rare suavity and diplomacy escape the common lot, but this genus is either rare or extinct, like the great auk and the dodo. These things we say, without prejudice, out of the depths of our own experience.

We do not think Mr. Nelson when he departs from Victoria will leave many enemies behind him. We know there are thousands of readers of this paper who will join with the working staff of the Times in sincere expressions of regret that in the course of human events the time has come for a severance of relations which have been so exceedingly pleasant and profitable to all concerned. Indeed we know the clientele of the Times will join with us in wishing Mr. Nelson the highest possible measure of success in the new and important position to which he has been called. With his departure Victoria loses a good citizen, and Vancouver gains one.

PROBLEMS OF POPULATION.

France, the most beautiful country in the world (with the exception of British Columbia, of course), cannot escape the common lot. For centuries a continuous cause of trouble and turmoil in other nations, now that she has settled down to enjoy the peaceful fruits of industry and to attend almost exclusively to her own business, her leading minds find that there are internal matters which are the cause of considerable misgivings as affecting the future. It is rather curious to ponder over the fact that during the times when the fair land was almost continually engaged in war with her neighbors, the population increased steadily, if not rapidly. Now that benign peace has reigned for nearly half a century, and there is practically no emigration, vital statistics show that people are not multiplying as they should. Hence heroic remedies are to be tried in the hope of bringing about a more satisfactory state of affairs. The treatment which is to be resorted to is reviewed in the New York Times and contrasted with the conditions which prevail in other and far less favored countries. Bachelors are to be persuaded to marry by the imposition of a penal addition to military service. Civil servants are to be compelled to marry at or before 25, and are to be rewarded with additional salaries and pensions if they supply the state more than three children. The requirement of the equal division of patrimony among children is to be repealed. These measures point to an almost desperate determination to check a decline in the birthrate so severe that since 1851 only 3,000,000 have been added to population, or one-tenth the increase of Germany.

France's ally, Russia, offers a remarkable contrast. Since the census of 1897 Russia's population has increased 33,199,000. These comparisons are suggestive. France is rightly considered among the world's healthiest and wealthiest nations. The lighthearted-ness of the French is proverbial, but it is associated with that thrift which is characteristic of foresight and forethought. Yet population is receding. On the other hand Russia, whose wealth in the aggregate is also great, is among the world's poorest nations considering its citizens individually. In like manner its 160,000,000 contain among themselves some intellects which are among the world's brightest ornaments, but the average of the national intelligence is not high. Some classes of the composite Russian nationality are among the world's poorest. They are on the verge of hunger to-day and are in despair about to-morrow. Yet they increase prodigiously. This is one of the mysteries of the increase of the human race for more nations than Russia.

Who, asks the Times, shall solve these mysteries, or dogmatize upon them? Who shall praise France when Frenchmen are condemning it? Or who shall condemn Russia? Who shall settle for any household of any country whether quantity or quality of offspring is the more desirable, or shall advise any parents to assume responsibilities to which they may be unequal, or to shirk the responsibilities which after all they share with Providence? Who shall say whether conscience or optimism predominates in a decision in the Russian manner, or easy morals and a pessimistic experience of the hardships of livelihood in luxurious France predominate in the limitation of French families?

Two leaders of the world's thought have hastened to advise where others might hesitate. Mr. Roosevelt's views are well known. In his own words healthy-minded people should regard as "a criminal against the race and an object of contemptuous abhorrence" whoever dissents from the proposition as phrased by him that

> as the world is now, with huge waste places still to fill up and with much of the competition between the races reducing itself to the warfare of the cradle, no race has any chance to win a great place unless it consists of good breeders as well as of good fighters.

Dr. Koch is even more pessimistic. In a posthumous book soon to appear he is quoted as saying:

> I consider it is by no means impossible that human beings will at some future time disappear from the earth because children will cease. By way of example I may mention the population of an island in the Polynesian Archipelago who were happy and contented until civilizing influences were brought to bear on them. A remarkable tendency to race suicide then became apparent among them. The tribe ultimately ceased to bear children, its total extinction could not be prevented, and this actually ensued.

RENO THE NOTORIOUS.

Reno, Nevada, occupies the centre of the stage to-day, and will continue to do so until Messrs. Jeffries and Johnson have settled an important point about which there is at present some doubt. The mining town of the arid state was an important place on the continental map some time before the great gladiators decided that it was the only spot in America which would not be likely to impose barriers upon their design to give an exhibition of the "manly art." Reno, before Jeffries and Johnson lent it additional eclat, was the centre of the divorce mill of the great United States of America. Thither all who found that the mischievous imp Puck had played tricks upon them resorted for the purpose of having the spell removed. In short, Reno is not particular so long as it "gets the business." No one, or at least very few, believed that California would have scruples in regard to the honorable and remunerative calling of the prize fighter—that is to say, the boxer. But the governor of the Golden State developed a sudden and unexpected fit of the moralities or the proprieties. California has, greatly to her credit, but indubitably against her real inclinations, "dropped the lid on." Therefore it is Reno and Nevada. The event is to be "pulled off" there. It is to take place on the anniversay of the emancipation of the United States from the thrawldom of the galling British yoke. Practically all Anglo-Saxondom is relieved, happy and expectant that there is one shrine left where sacrifice can be made to the god of brutality, where the burning question can be settled as to whether the brute in the black or the corresponding article in the white is the more worthy of the adulation of a free, intelligent, aspiring and idealistic people.

Why does the press encourage in practice the thing which it so vigorously discourages in theory? Why have all the great newspapers of the world sent special representatives to report and comment upon the proceedings? The questions are pertinent and should be answered. Wherever events of human interest are transpiring, there will newspaper men be found. The press does it best to mould public opinion along sound lines. But it is compelled by force of circumstances to take cognizance of much that it condemns. Newspapers do not approve of murders, suicides or public or private peculations, but they must needs record the facts in respect of such evidences of human waywardness. The constituencies of newspapers demand the news. Journals which refuse to cater to public demands in such matters cannot live in these degenerate days.

Still it may be well to remember that, while there is much to deplore and to condone in humanity to-day, there is also something to be thankful for. There are very few states in the American union that tolerate prize fighting. All the important states have put the ban permanently upon it. There are only one or two states in which the fraternity associated with the "game" are tolerated. The "fancy" have been driven from the east to the west, and finally even the west has revolted and only the part which is neither east nor west provides a haven for the fraternity of undesirables. The world is marching on.

Modern buildings in the east are now kept cool by artificial means during the summer season. Business houses find it pays to place their employees in cold storage. They get better service. What a comfort it is, if we could only realize it, to live in a climate where there are no extremes of heat and cold.

* * *

Aerial navigation is probably at an end as far as ships of the Deutschland type are concerned. It is well that that question is settled without loss of human life. The field is now open for craft of the heavier-than-air variety. Heavy tribute has already been paid in demonstrating the value of these flimsy machines from the point of view of practicality; but the experiments will doubtless go on until something occurs that will shock the truth into the minds of those who give encouragement to the mad whims of people who run after every new thing.

* * *

"Putting off advertising," says a writer in Printers' Ink, "is putting off a debt that you owe to your business. Every day the interest mounts. Every day, because of added competition, the debt becomes harder to meet." Many non-advertisers no doubt postpone the settlement of this obligation because they do not realize how easy it is to discharge it in small instalments. The little "ad" in the daily newspaper leads by gradual and convenient stages to the half-page and the full-page spread, paying its own way as it grows. The big advertisers of to-day sang small at the beginning. The success they have achieved is open to merchants of very moderate capital who back up brains and energy with regular advertising.

LOCAL NEWS

—The County coprt will commence its monthly sitting on July 4th.

—To-morrow Stewart Williams, auctioneer, will sell at public auction on the ranch the whole valuable herd of milch cows owned by Watson Clark, together with the carts, cans, horses and outfit of a milk business.

—An addition has to be made to the list of the awards made at the commencement exercises at St. Ann's academy Monday afternoon. This was a gold medal for mathematics, donated by the Young Men's Institute. It was won by Miss Helen Gonnasson.

—To-morrow the schools of the province will close for the summer holidays and the pupils will have a couple of months in which to get ready for another term's work. This period will be spent by many in camping, or in visiting friends at a distance. Others will remain at home, but all will have ample opportunities to enjoy the golden sunshine of the next two months. Closing exercises are being held in a good many of the schools. At Oak Bay the closing is to be at 10 a.m. In St. Louis college the exercises will be in the afternoon.

—At the Royal Jubilee hospital on Monday the death occurred of John Shield, at the age of 43 years. For the past two months he had been employed as a waiter at the Empress hotel, coming to this city from Portland, Ore. He was born in England and is survived by a widow. The funeral took place this afternoon from the parlors of the B. C. Funeral Company's parlors, where Rev. T. W. Gladstone conducted services. The waiters from the hotel attended the funeral in a body.

—The funeral of the late Miss Effie Pilmer Roger took place from the parlors of the Victoria Undertaking Company, Yates street. Services were conducted both at the chapel and graveside by Rev. J. P. Hicks. The hymns "When He Cometh" and "Nearer My God to Thee" were sung. There was a large attendance of friends, many of the schoolmates of the deceased being present. The floral offerings were numerous, the casket and hearse being covered. The following acted as pallbearers: W. Miller, J. Roger, George Oliver and J. M. Miller.

—Last evening the members of the Men's Own Bible class of the First Congregational church, assisted by the ladies of the church, entertained the inmates of the Old Men's Home. The following ladies and gentlemen contributed to a very enjoyable programme: Vocal solos, Miss N. Scowcroft, Miss Macintosh, R. Lougheed, S. Johnson, R. Howell, N. Collins and E. Lock; Miss L. Roberts, violin solo, and Mrs. Castleton and C. L. Haworth, recitations. Miss E. Scowcroft and R. B. Robinson were the accompanists, and Mr. Howell acted as chairman. After the concert was concluded strawberries and cream were served to the men, who expressed themselves highly delighted with the entertainment.

—The Welsh picnic committee met last night to complete the arrangements for the picnic to be held Friday on Dr. O. M. Jones' grounds, Shoal Bay. The committee will supply milk, sugar, tea and crockeryware, ice cream and peanuts. Ladies are asked to supply cakes, sandwiches, etc., and gentlemen the fruit, etc. No charge is made for admission, or entrance fees for sports. Those wishing to have their baskets sent down will have them at the corner of Yates and Douglas about 1 o'clock on Friday, where the committee will have an express wagon. Prizes to the value of $100 have been subscribed and a large variety of sports has been arranged, details of which will be given in the press to-morrow. It is intended to start the sports of 2 o'clock. The ladies of the committee will have charge of the tables.

PERSONAL.

A. W. Vowell, superintendent of Indian affairs for British Columbia, left to-day for Vancouver on a business trip.

* * *

Mrs. McIntyre, 1402 Stanley avenue, will not receive to-morrow nor again until October.

Our Thirty-Second Annual
July Sale Starts
Saturday the 2nd

Read To-morrow's Issues as They Contain News of the Greatest Importance to Everybody

WE TAKE PLEASURE in making the announcement that this year we are offering you better values and greater stocks to select from. Everybody who has heretofore attended our July Sales knows what an important saving event it is. This year you will be surprised at the grand treat that is in store for you. Therefore it is absolutely necessary that you read every item carefully and watch our daily announcements closely, as probably just the article you need will be advertised at a substantial saving, and, above all, watch our windows closely. They will be changed often, reflecting from time to time bargains that are well worth while.

DAVID SPENCER, LTD.

JUNE WEDDINGS

A very pretty home wedding took place at the residence of Mr. James Pottinger, 634 Baltery street, this afternoon, when Miss Kate Isabelle, eldest daughter of Mr. and Mrs. Pottinger, was married to the Rev. Robert McElroy Thompson, paster of the Dundas Street Methodist church, Vancouver. The house was handsomely decorated with a profusion of flowers and the bride, who attended by her sister, Miss Alice Pottinger, carried a magnificent bouquet of roses, while the bridesmaid had a bouquet of carnations. The groom was attended by a college chum, the Rev. Edwin Braden, of New Westminster. The ceremony was performed by the Rev. A. E. Roberts. Rev. and Mrs. Thompson took the afternoon train for Shawnigan, where the honeymoon will be spent, after which the happy couple will take up their residence in the new parsonage on Dundas street, Vancouver.

* * *

A pretty wedding was solemnized on Monday evening at the home of Mr. and Mrs. J. H. Hunter, 1928 Pender street, East, Vancouver, the contracting parties being Miss Emily Roberts, youngest daughter of the late John Roberts, of Shrewsbury, England, and Mr. Clifford B. Logan, eldest son of Mr. and Mrs. Edward Logan, of Victoria. The ceremony was performed by Rev. A. M. Sanford, an old-time friend of the groom. The bride was attended by Miss Mamie Logan, while Mr. Geo. Logan supported the groom. The honeymoon will be spent in Portland, after which Mr. and Mrs. Logan will take up their residence in Victoria.

NORTH SAANICH.

Action to Test Validity of Its Incorporation.

Action evidently designed to test the validity of the North Saanich municipality incorporation was taken by W. J. Taylor, K. C., in chambers to-day, when he made an application for a summons against Angus McIntosh Ego to show cause why he should sit as a councillor in that place. Chief Justice Hunter granted special leave to make the summons returnable to-day.

The action is being taken in the name of Alexander Craig and affidavits by H. C. Keefer and Julius Brethour were filed. In these it is alleged that the municipality is not properly incorporated under section 3 of the Municipalities' act. The municipality, according to the affidavits, purports to be incorporated since March 7th as a district municipality and has no debts or debentures.

IMPERIAL LEAGUE.

An Imperial League has been formed in the English Midlands under the presidency of Joseph Chamberlain and Norton Griffiths, M. P., and the patronage of other well known Englishmen, which has for its object the assisted emigration of deserving British subjects to Canada and also the special founding in this province of towns named after the principal cities in the Midlands. Norton Griffiths and others associated with him have taken up a large tract of land on the new line of railway in this province on which those emigrants likely to become good farmers are to be located and given every opportunity to become prosperous members of this province.

Mr. Griffiths is receiving much commendation for his efforts to promote the interests of the Empire and it is hoped that his efforts in this direction will be followed by other farseeing and philanthropic men of his kind in the Old Country, as it is felt that any proposition of this sort must result in great advantage to Great Britain and also to the development of this province.

Graham Forester, of this city, during his recent visit to England, was associated with the founders of this league and consented to become the honorary secretary and representative out here. He wishes to state that any contractor requiring either skilled or unskilled labor may communicate with him and he will get the men required. Mr. Forester's address is Box 889.

DIES ON PARADE.

Tacoma, Wash., June 29.—Conrad L. Hoska, grand senior warden of the Knights Templar of Washington, dropped dead of heart failure to-day while parading with the other members of the State Commandery, which is holding its session here. Hoska is a prominent undertaker of this city. The body was escorted to his residence

WATERWINGS FOR JULY 1ST

CORDOVA BAY STAGE

Stage will start running Sunday, April 24th, 1910. Round trips 75c., single trips 50c. Leave Pacific Transfer Stables 9 a.m. every Sunday.

—$15, $12. Pattern Hats are slaughtered for $5. The Elite, 1316 Douglas street.

—Expert posing and lighting enable us to produce portraits of merit—pictures that will please the girl graduate, the June bride or the summer girl. Foxall's studio, 1111 Government St.

—The Outing on Friday will be better enjoyed by the boys and girls in a comfortable straw sailor or canvas hat. Prices 25c, 35c, 50c and 85c. Robinson's Cash Store, 642 Yates Street.

—Every housekeeper who has used Campbell's varnish stain is delighted with the results obtained. Nothing else like it they say. So easy to apply, and so durable. Bownass, Broad street, carries a full line of this popular stain.

—English Towels are popular because of their drying propensities as bath towels. See our window for special display of large-sized English bath towels. Regular prices, 30c and 35c, each. For 25c each. Robinson's Cash Store, 642 Yates Street.

—Excursions Wednesdays and Saturdays. Now is the time to see the beautiful islands, the novelty of this trip cannot be excelled in any part of the world.

—July 1st—Cordova stage will leave Pacific Transfer stables at 9 a. m.

—Thousand Islands.—Next Sunday the S.S. Iroquois will make one of those delightful trips among the Gulf Islands, stopping one hour at Mayne, and returning via the picturesque Pender Canal. Take V. & S. train, leaving Victoria at 9:45 a. m. Refreshments and music on board. For further information telephone 511.

—You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid up capital over $1,000,000, assets over $2,500,000. Branch office, 1219 Government street, Victoria, B. C.

—Picnic July 1st.—Get your picnic plates for 10c doz.; baskets at 20c to 40c; picnic kettles, 25c to 70c; can openers, 10c; cork screws, 20c; at R. A. Brown & Co.'s, 1302 Douglas St.

—Grand excursion to Cowichan July 1st. V. & S. railway and steamer Iroquois. A pretty trip through the Islands and a gala day of sports has been arranged by the committee.

—The bank clearings for the week ending yesterday afternoon totalled $1,841,279.

—The Pioneer Society will hold a special meeting in Pioneer hall this evening to consider some important business.

—The University of Toronto local examinations in music were held in Waitt & Co.'s music rooms this morning, Mr. Forsyth having come out from the Queen City for that purpose. Three candidates presented themselves.

—W. J. Clements, who got into trouble owing to the tone of his references to the public mourning for the late King, has resigned the editorship of the Penticton Press.

—The Centennial Adult Bible class will hold their regular monthly business meeting this evening in the parlor of the Centennial church, Gorge road. The semi-annual election of officers will take place and a large attendance of members is hoped for.

—Victoria Local No. 2 Socialist Party of Canada, will hold a picnic on Dominion Day on the Fraser street waterfront. Friends of the movement are invited and asked to come early. A banner will be flying on Fraser street, pointing the way to the grounds, and can be seen from the Esquimalt car line.

Leather Case Lined With Plush,

A real beauty, from $5 to $15

Fletcher Bros.
1231 Government Street.

GOOD TEMPLARS.

At the lodge meeting of the I. O. G. T. Triumph Lodge No. 16, Monday night, a most enjoyable time was spent, the programme being: "Flower Night." Various readings, recitations and songs were rendered successfully.

It was announced that the public would be cordially invited to attend the next meeting, held on July 4th, "Open night," at the Sailors' and Soldiers' Home, Esquimalt. It is hoped that a large number of their friends will avail themselves of the opportunity to become acquainted with this grand order of the temperance cause, which has the whole world for its field. All are welcome, and those desirous of passing an enjoyable evening will have no cause to regret their attendance.

—At an emergent meeting of the Fraternal Order of Eagles to-night committees will be appointed to arrange for the annual round-up and picnic.

—Seattle $2.70 round trip by S. S. Iroquois leaving 9 a.m. Good from June 30th to July 5th.

—Excursion to Cowichan Regatta July 1st via V. & S. railway and steamer Iroquois. Train leaves Victoria 7.45 a. m. For further information telephone 511.

—W. Brothers, a laborer employed on the works at Jordan river, is in St Joseph's hospital with a sprained back and bruises, the result of a fall.

—George and Jack Meldrum left on the City of Puebla to-day for San Francisco, en route to Reno, Nevada, where they will witness the big fight.

—Arrangements for taking the picture of the Men's Bible class of St. Andrew's Presbyterian church have been postponed from to-night until Tuesday, July 5th.

—A special meeting of the city council will be held to-morrow evening, and afterwards there will be the usual weekly meeting of the board of works. This arrangement has been made on account of Friday being a public holiday.

—With the large addition to the assessable value of city property it is not expected that the rate of taxation will have to be increased this year. Last year the rate was 26½ mills on the dollar, with 50 per cent. of improvements taxed. If the improvements are taxed this year on the same basis the necessary revenue can be raised by a levy of 25½ mills.

QUESTION OF INDIAN TITLE TO B. C. LANDS

Rev. A. E. O'Meara Addressed a Small Gathering at St. Andrew's Church

Bishop Perrin presided at a sparsely-attended meeting in the school room of St. Andrew's Presbyterian church last evening, which had been called for the purpose of discussing what policy should be pursued in dealing with the Indian land question in British Columbia. Rev. A. E. O'Mara was the speaker of the evening, and there was but little discussion at the conclusion of his address. No resolution was passed.

Much of Rev. Mr. O'Mara's address was along the lines of a lecture which he delivered in Vancouver some time ago. He contended that a proclamation of George III. had protected the Indians in their rights, and that these rights had not been forfeited by the occupation by the whites. It was shown by a report made by the department of justice in 1875 that the Indians had never made any cession of their territorial rights. There was nothing to show that the Indians were wards of the Dominion government. In British Columbia the government had no treaties with the Indians. The present issue was one between the Indian tribes and the provincial government, and the matter should be decided from the standpoint of justice.

The attendance being less than a dozen there was no debate at the conclusion of Rev. Mr. O'Mara's address, and the meeting closed with prayer by the bishop.

SPECIAL HOLIDAY RATES.

For Dominion Day, July 1st, and Independence Day, July 4th, the C. P. R. have put in effect the following rates: Victoria to Vancouver and return, $2.70. On sale June 30th and July 1st. Final return limit July 4th. Victoria to Seattle and return, $2.70. On sale June 30th to July 4th. Final return limit July 5th.

—Tremendous reductions in Millinery at The Elite, 1316 Douglas.

—Seattle $2.70 round trip by S. S. Iroquois leaving 9 a.m. Good from June 30th to July 5th.

—An unusually important meeting of the board of fire wardens of the city council will be held this evening to give consideration to the report of the chief of the fire department that the water pressure in Victoria West is inadequate for fire protection purposes.

—Good progress is being made in the work of widening the cement sidewalk on the south side of Belleville street, between the causeway and the C. P. R. docks. The need of this improvement is being demonstrated daily on the arrival of the boats. The whole area, formerly a waste space, at the southwest corner of the causeway, will be laid in concrete, with a drinking fountain, already in position, in the centre.

—Wm. W. Northcott, superintendent of public buildings, is calling for tenders, which will be received up to 4 p.m., Monday, July 4th, for the construction of the building at Beacon Hill park which will be used for the purpose of a dressing room and public convenience. Specifications for the same may be seen at his office.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 29.—5 a. m.—The pressure is only moderately high on the Vancouver Island and American coasts and the weather on the Pacific slope is fair, with temperatures somewhat below the normal. Light showers have fallen in Utah and Arizona.

San Francisco—Barometer, 29.92; temperature, 52; minimum, 52; wind, 6 miles N. W.; weather, clear.

Victoria Daily Weather.

Observations taken 5 a. m., noon and 5 p. m., Tuesday:

Temperature.

Highest	63
Lowest	49
Average	59

Bright sunshine, 30 minutes.
General state of weather, cloudy.

The finer the nature, the more flaws it will show through the clearness of it; and it is a law of this universe that the best things shall be seldomest seen in their best form.—Ruskin.

NUISANCE BY-LAW IS TO BE ATTACKED

James Richards Admits Keeping More Than Four Horses in Stable But Will Fight

"No person shall keep more than four horses or more than four cows on his premises," says clause 2 of by-law No. 501, which is intended to "prevent and remove" nuisances in the residential district. The third clause adds that the by-law does not affect the portion of the city within the fire limits, and that when "any divergence or difference between the terms of any previous by-law and this by-law shall be found to exist, the regulations in this by-law shall prevail."

The penalty for a breach of the by-lay shall not exceed $200.

Although the by-law was passed in March, 1907, this clause has seldom, if ever, been enforced, probably because the city officials have looked upon it as "shaky." Now it is to be tested by the prosecution of James Richards, who maintains a clean and sanitary stable at Spring Ridge, which houses thirteen more horses than the by-law allows.

J. A. Aikman appeared for Richards in the police court this morning and announced that he would attack the by-law and also the ability of the council to pass such a restrictive measure. He said that the Municipal Clauses Act did not, in his opinion, grant any such power to a municipal body. For his client he admitted that more than four horses had been kept in the stable. There will be no contention regarding the facts, and Mr. Aikman was given time to prepare a case against the by-law.

Mr. Aikman did not promise to attack the "English as she is writ," which characterises clause 2, where it is stated that "no person" shall keep more than four horses or cows on "his" premises.

MASONIC GRAND OFFICERS.

In addition to the officers of the Masonic grand lodge already published is R. E. Brett, re-elected grand secretary, and H. H. Watson, grand treasurer. The appointed grand lodge officers are: District deputy grand masters: No. 1, A. H. Peterson; No. 2, J. A. Lea; No. 3, W. H. Hayden; No. 4, P. F. McGregor; No. 5, P. F. McPhee; No. 6, J. Anderson; No. 7, R. E. Plowman; No. 8, M. A. Beale; No. 9, G. L. Easterbrook; No. 10, A. B. Taylor.

Grand historian, W. A. D. Smith; G. S. D., L. J. Bond; G. J. D., D. M. Manuel; G. D. of C., Wm. Artley; G. S. of W., D. McCallum; G. M., Robert Dustle; G. S. B., H. J. De Forest; G. P., M. Barr; G. S., A. F. Forbes, W. W. Burke, J. Stewart, W. V. Leonard, T. Henderson, L. T. Pollock; G. T., T. Marshall, sr.

In Switzerland education is both free and compulsory, and such ample facilities are provided for all classes that illiteracy is almost unknown.

More than 200,000,000 gallons of vodka are consumed in Russia every year, there being more than 2,000 breweries and over 27,000 shops for its sale.

The Wonderful Sale of a Simple Car

The Overland—the simple and trouble-proof Overland — now commands a larger sale than any other car in existence. And the demand is now growing five times faster than it ever grew before.

The Car That Sells Itself

The second year's sale of the Overland was ten times as large as the first. And this year's orders are already five times as large as last year's.

Now we are making 140 Overlands daily. Last year at this time our output was from 20 to 25.

Two years ago we had one little factory. To-day we have five factories empolying 4,500 men.

But never before has the demand increased as fast as it is increasing to-day. The more cars we get out the greater the call, for the Overlands sell themselves.

The Reasons

One of the Overland's greatest attractions lies in its utter simplicity. It has fewer parts than any other car. It has none of the usual complexities.

And it has the pedal control. Push a pedal forward to go ahead and backward to reverse. Push another pedal forward to get on high speed. It is simple as walking—so simple that a child can master the car in ten minutes.

Then the Overland is almost trouble-proof. Many an owner has run from 7,000 to 10,000 miles without even cleaning a spark plug. Any novice can handle and care for it.

It is a car which always keeps going. In the Post office service, where Overlands are used, these cars have been run for 500 days, winter and summer, without missing a trip.

The $1,000 Car

This year we are selling a 25-horse-power Overland for $1,000 in roadster style, and for $1,100 with complete toy tonneau.

It is not under-sized, not under-powered, like the usual low cost car. The wheel base is 102 inches.

We are this year selling a 40-horse-power Overland, with single rumble seat, for $1,250. It has a 112-inch wheel base.

Overland prices run up to $1,500. Each includes magneto and full lamp equipment. Each gives a great deal more for the money than any other maker can give.

We have cut our costs 20 per cent. in the past year alone by the use of modern automatic machinery. Also through multiplied output.

Let Us Send All The Facts

Every motor car lover should know the facts about the most successful car in the world.

Think of the place which this car has gained in a little more than two short years. And the success is all due to each car selling others.

The men who are buying these cars—140 per day—are men who seek just what you seek. The car which they buy is the car which you'll buy when you know it.

Please send us this coupon and we will send you a book showing all of the styles and giving all of the facts. We will also give you the address of the nearest of our 800 dealers. Please cut out the coupon now.

PARI-MUTUEL AT THE JULY RACES

PRESENT SYSTEM OF BOOKING IS TOO RAW

Patrons of Country Club Should Be Freed From Big Percentages

The horses will be back here on July 23rd, according to a report issued this morning, and will race at the Willows for six days, by which time the Victoria Country Club can make arrangements to instal the pari-mutuel betting machines at the track.

If we are going to have horse racing, say they, and as it is legalized by Dominion, provincial and civic authorities, it is apparent we will have it, therefore let us have the best at the most moderate expense.

The best racing is now done under the pari-mutuel system. The book-making as made at the track last week is a too-sure-thing gamble against the betting public. The percentage is too great. The book makes a percentage book and the mutuel does the same. With the mutuel the public is against ten per cent. at the most, while with the open book the public is against anything up to 240 per cent.

The evils of the open book are as follows: The public does not make the favorite. The opportunity of a bookmaker, after having taken public money, to get into league with an owner or a jockey is too great, for the safety of public money. The public does not play its fancy (which is the true sport), but gets in on a gamble. Seeing money played on certain horses the public, knowing nothing, rushes in blind. The public does not learn to size up the horses and become a judge of horse-flesh, and consequently absorb the more sportsman-like side of the sport. It becomes just a thing with a ticket. But the great fault of the bookmaking system is the odds. The exhibition of booking at the Willows last week was on certain days of the very worst kind, and the eight and nine books were making as high as 200 per cent. books. Twice as much money as the books paid out, they, on the figures on their boards, retained in their own hands. This money went out of Victoria partially. About $1500 a day was paid to the Victoria Country Club, for booking privileges, and this was paid away to the winning owners, who spent most of it here. But there is a considerable sum that went out of town.

With the pari-mutuel, this extra money would be saved to the people of Victoria, on this principal. The club running the "tote" deducts from five per cent. to ten per cent. for expenses, to pay the purses and salaries of the meet. The complete balance of the money bet is returned to the betting public, in winning dividends. That, besides the impossibility of rigging between books and owners or jockeys, is why the mutuel system is the betting plan to be adopted here.

The public pays for everything. It pays for its car-fares and its shoes. It is ridiculous to assume that it does not pay for its horse-racing. Horse-racing at the Willows cost $1500 a day in purses and salaries last week, and the horsemen who came here did not pay it. The public paid it to the books and they paid it to the club, which paid it to the owners of winning horses. But Victoria originally found the money, and if it is going to pay for its horse-racing article, should buy the best it can. It also paid those nine bookmakers, with their forty-five men, board at the Empress hotel for the week (where the Victoria betting public itself cannot afford to live). Now the cost of the Empress hotel bills and the bookmakers' personal profits can by the pari-mutuel system come right back into the pockets of the Victoria betting public, and that is where it should be.

The Victoria Country Club will, under the Miller bill hold another meeting here during July, and there is ample time for Manager George Fraser and Secretary J. E. Smart to get into communication with the east or with the racing people at Lexington, Ky., where the pari-mutuel is being used, and secure a full and complete plant, with details of operation and expense and have the same ready for operating here when the meet takes place.

It was rumored when the late meet was proposed that the club would have the "tote" installed. The manager, however, said he was unable to get the machines made in time, and was short of operating officials. If the club took into reason the idea that the percentage might not have amounted to enough to run the meeting at a profit, the reception given the horses last week in the betting ring, will dispense with that idea.

Last Saturday afternoon there was, according to the bookmakers' betting sheets, nearly $50,000 bet into the ring by the Victoria public. This sum is computed from figures supplied by men in the bookmaking business at the race track. The pari-mutuel club percentage on this sum would be between $2,500 and $5,000, which is more than the money paid for booking privileges for the day.

Let us have the pari-mutuel, say the horsemen. There was general disgust last week among the men who understand racing, at the books made on the track, and these are the men who will uphold races here, make them popular, or otherwise, in the future, and if the Victoria Country Club is going to remain, an active body it has just got to make the races as popular and as clean as it is possible in any part of the world. Outside of the booking last week, the meeting was well conducted. There were two possible cases where unfair tactics were meant, but in both cases the jockeys were changed at the last moment, and in both cases the horses won. However, the bookmaker's day should be done, and the pari-mutuel should be here at the meeting next month. If there is a possibility in the minds of the club officials that the mutuel would not pay, then let the Victoria Country Club take a chance in the gamble itself, like everybody else. The club, and some of its members individually, in trade connected with the track, have made a lot of money, and if they intend to make more, let them come through, and give the public the best there is and establish in the west a country club of the best kind, that will cater to its patrons, for years, on the best and straightest and most honorable lines on which horse-racing can be conducted. Then there will be a big future for the Country Club. There will be public support and maybe a new track."

CLOVERDALE TO CROSS STICKS WITH WESTS

Schedule Lacrosse Game Will Be Played To-night at Royal Athletic Park

To-night the Victoria West lacrosse twelve will clash with the fast Cloverdale stick wielders in what is expected to be the fastest match in the senior city league.

For weeks now Stan. Okell, the Victoria West leader, has been working like a beaver to get the green and white lads into good shape, and he feels confident that he has the bunch together that will put the Cloverdale boys on the short end of the score.

Both teams expect a hard game and some crowd is expected at the Royal Athletic park when hostilities commence, and any of the fans who happen to be up that way to-night will be given a good treat.

The next provincial match takes place one week from next Saturday, when the locals will line up against the fast Vancouver team on the mainland grounds. So far the locals have won two and lost none in the B. C. series and if they can win the game from Vancouver on July 9th they will be well on the winning path, as most of the other important games will be played in this city and Victoria can get together a better aggregation to play in town than they can send away.

But it is the city league that gets the big teams together, and the matches that are being played between the Wards, Wests and Cloverdales are well worthy the support and patronage of those who have the welfare of lacrosse in Victoria at heart. That is why a bumper crowd is looked for to-morrow when Cloverdale crosses sticks with Victoria West.

The match will be commenced sharp at 6:30 and the full four twenty-minute quarters will be played. Stan. Peele will be the referee.

The teams will line up as follows:

Cloverdale—Goal, Clark; point, Sam. Lorimer; cover point, Temple; first defence, S. Redgrave; second defence, Owens; third defence, Thrall; centre, Leo Sweeney; third home, L. Redgrave; second home, Carss; first home, J. Hancock; outside home, Dempster; inside home, Young; reserves, Watson, Harris and Bishop.

Victoria West — Goal, Campbell; point, Clegg; cover point, Styles; first defence, McLaughlin; second defence, Okell; third defence, Ross; centre, Campbell; third home, C. Brown; second home, Jenkins; first home, Bailey; outside home, Johnson; inside home, Thomas; reserve, Semple.

THORPE'S SODA WATER

HOW CITIZENS CAN HELP LACROSSE CLUB

Membership Tickets Will Be Sold at Five Dollars—Victoria Has Fine Team

Any person who wishes to help the Victoria lacrosse team along may now do so by purchasing membership tickets, which have just been issued. The price of these is five dollars, and the holder of one of the cards is entitled to free admission to the grounds and also to the grandstand at every home game played, and to a vote at the annual meeting. It was decided to make this move at last night's meeting of the lacrosse club for the purpose of securing funds to defray the expense, when the locals have an outside game to play.

The Victoria team this year has made the best showing that has been established by a local twelve for many years, and prospects for landing the cup and for the provincial championship in the amateur series are very bright. The success of the team from now on lies in the pockets of the public of Victoria. After the remarkable record which the locals have made, many of the lovers of the national game will, undoubtedly, place a five-dollar bill in the hands of John P. Sweeney, secretary of the club, to help the work along. In this way they will encourage the players, for when they see that the public is interested in them they will take more pains in their training, determined to repay their supporters by playing the game the way it should be played.

Little other business was transacted at the meeting. There was a good representation of members, and the coming game between the city and the Terminal City team, to be played on the latter grounds, July 9th, was much discussed.

AUSTRALIAN WINS FROM AMERICAN

WILL HAVE A TEAM HERE FOR FRIDAY

Double-Header Will Be Continued Saturday Afternoon at Royal Park

The Dominion day sporting attraction will be the baseball game at Royal-park, between the Victoria ball team and a visiting nine. The team will play two games here, the second taking place on Saturday afternoon.

Bellingham's ball team was expected to come over but will not be here, having cancelled the game by wire. Manager Wattelet assured the Times to-day that he would get some good team over for Friday and Saturday, although the time is short. Friday won't seem like Dominion Day without a good ball game. The fans are hoping that Manager Wattelet will be successful.

The Victoria nine having struck form again, because the nine returned to practice last week, will be in good condition according to the statement of Manager Wattelet, who assured the public there will be the best double header of the season this week-end.

Victoria suffered a couple of bad reverses, because the men did not keep up the regular practice and the team work fell to pieces. The game last Saturday, however, was won by playing good ball because the team got down to work during the previous week.

Recognizing that if the team is to be supported the good ball is the kind it will have to deliver, Manager Wattelet and the nine have been active on the diamond two nights this week and put in some good hard ball.

Friday afternoon for the holiday crowds enjoyment the manager promises to place on the diamond a team in the best condition, word perfect in signals, strong in batting and practically errorless in the field. The game on Friday will start at 3 o'clock.

As an expression of his gratitude for "a singularly happy 50 years of married life," Sir James Whitehead, who was Lord Mayor of London in 1889, has given $15,000 to found a scholarship at the Appleby Grammar school. He was born at Appleby. He has also erected a working men's institute at Wilmington, Kent, where he lives.

THERE ARE MANY OTHER CARS, BUT NONE THAT WILL SATISFY YOU LIKE THE

McLaughlin Buick

There are more McLaughlin Buicks in the hands of owners than any other. What is the reason? Simply because they give satisfaction where others fail. Constructed on the most modern and approved lines.

NOTES ON THE FIGHT

The fight, round by round, will be received by the Times leased wire direct from the ringside on Monday, as the rounds proceed. The full particulars will be sent from the U. P. operator's wire at the ringside, dictated to the operators by experts, for the purpose of the United Press service.

* * *

Governor Dickerson of Nevada, announced this morning that at the first sign of fake the fight will be stopped. He does not anticipate a fake, but has warned promoters and contestants alike.

* * *

It is said that J. J. Corbett will outline Jeffries' ring campaign, and act as the undefeated champion's ring-general. The plan Corbett has proposed has been agreed to by Jeffries.

* * *

Langford is at Reno, and has issued a statement through his manager that he will fight Johnson, win or lose. The Nova Scotia fighter says he will challenge the black brother at the ringside Monday afternoon.

* * *

Both contestants for the world's championship will finish their training operations to-morrow. Light exercise will follow until Monday, but the heavy training will be concluded to-morrow afternoon.

* * *

The high altitude at Reno does not appear to have affected the health of either man. Johnson has lost a few pounds in weight owing to the additional heat, and is now said to be just over 200 pounds.

* * *

It is reported that almost every person connected with the Johnson camp is carrying a gun. No reason is given, but as Reno is crowded with the bad-man element at present, it is presumed Johnson's friends fear bad treatment.

* * *

Jack Kipper, Jeffries' Los Angeles business partner, is at Reno with $27,000 to wager on the white man. The majority of the sum is money subscribed in Los Angeles for betting by Jeffries' friends and backers.

* * *

Governor Dickerson, of Nevada state, has arrived at Reno and will remain there until after the fight. He has not said he will be at the ring-side, but it is presumed he will more than likely go in on a pass.

* * *

The sports at Nome, Alaska, are arranging to buy the telegraph wire for the afternoon of Monday next. The sum required to give the ice-bound sports the fight, round by round, is said to be $5,000. The money has been sent to Seattle.

* * *

The following is received from Reno: "Johnson is putting on an eleventh-hour spurt and instead of showing speed is slow. It is argued that you can't make a thoroughbred horse go the full route every day for ten days before the real test and expect the animal to be right on the day." Fancy comparing a man of Johnson's antecedents with a thoroughbred.

* * *

If Nome gets its desire, the returns will be sent by cable from Seattle to Sitka, there relayed by cable to Valdez, from Valdez to St. Michael and from there to Nome.

* * *

Farmer Burns, from the Jeffries Camp, figures the fight will last at least fifteen rounds, and after that it will be a case of endurance, where Jeffries will win.

* * *

Johnson is said to have weighed 211 pounds yesterday when his training was through, while a report has leaked out that he weighed only 207, and will not be able to keep above 200 by the time he enters the ring.

SPORT NOTES

The Columbian, New Westminster, commenting on the last quarter of the Saturday's match between the Victoria lacrosse team and the Royal City aggregation, had the following to say in regard to a certain paper: "The first score in this interesting part of the entertainment was started by a young man who has to carry the following name unless he can succeed in persuading the legislature to abbreviate it—Brynjolfson. Now this gentleman wore an English cut cloth hat, secured around his chin with elastic, which circumstance provoked the mirth of the local fans, who straightway nicknamed him 'Mary.' So much attention was paid to 'Mary' that it put the young man on his mettle, and he played an excellent game."

* * *

Ball teams representing the Hinton Electric Company and the Melrose paint shop met at the Beacon Hill diamond last night and after a very close game the former nine was successful in administering defeat to the painters, the score being 16 runs to 14. Features of the game were the three-base hit by Gravelin and the double play, which was the result of Johnson's pretty catch of a fly and his peg to first when the runner on the initial bag was put out. The batteries were: Hinton, McTavish and Silver; Melrose, Gravelin and Pey Pettierew.

* * *

The Capital baseball team last night defeated the Workmakers' nine by the score of 9 runs to 7.

EXCURSION TO COWICHAN.

The steamer Iroquois, in conjunction with the V. & S. Railway, is going to take an excursion party to the Cowichan regatta on July 1st, trains leaving Victoria at 7.45 a. m.

An energetic committee has been working hard on the extensive programme of sports and expect a large gathering from the islands and Victoria.

TOMMY BURNS WENT TO 'FRISCO

LEFT MARAMA AT HAWAIAN ISLANDS

Bob Fitzsimmons and Wife Came This Way En Route to Big Fight at Reno

There was a big crowd at the outer dock last evening to meet the Australian liner Marama, the chief incentive being to get a glimpse of the ex-champion, Tommy Burns. When it was made known that both he and Lang had left the vessel at Honolulu and taken the steamer Wilhelmina direct for San Francisco there was great disappointment. All the local sports could do was to feast their eyes on the dilapidated old face of Bob Fitzsimmons, who in slouch hat leaned over the rail as the steamer pulled in. Mrs. Fitzsimmons accompanied her husband and there were a number of sports aboard, some of whom were on their way to the big fight.

Perhaps the most interesting item of news brought by the steamer was that Tommy Burns had definitely arranged to fight Langford in September, and that he was already training for the big event. On the voyage the pugs spent a good deal of time punching the bag and doing other stunts to keep themselves in condition.

Among the crowd on the wharf was the local veteran, Frank Slavin, out to meet Fitz, the man he had fought in days long gone by, and whose hand he now wanted to shake. Arthur McLaglan, known here as a pugilist of some fame, was among those returning from a visit to Australia.

Fitzsimmons is anxious that Jeffries shall win the big fight and he expresses his opinion that he will do so. Of course he recognizes the fact that the dusky antagonist is one to be reckoned with, and that the chances of the encounter are pretty even. At the same time he thinks that the white blood will tell when the time comes.

"Johnson is more of a defence fighter," said Fitz. "That is how he won from Burns, but Jeffries is aggressive, alert, and can endure anything. I put my money on the white man. I assume he is in good condition. If he is not he stands no chance for the nigger is a fine fighter, but I take it that Jeff is ready and that he will win out. The popular opinion seems to be that the nigger will win. The money is in his favor, but that makes it all the easier for us who are backing the other side.

"As soon as we have seen the fight we shall do a vaudeville stunt, my wife and I. My wife is an American, you see, and an artist, too. We have an engagement here, and we expect to clean up some stuff."

RESULTS OF GAMES IN BASEBALL LEAGUES

AMERICAN.

TIMES ARE BAD IN AUSTRALIA

PEOPLE RETURN HERE ON STEAMER MARAMA

Jas. Quick and Wife Come From New Zealand to Make Home Near Victoria

That times are bad in Australia, that hundreds of men are out of work walking the streets, and that it will take a long time for the country to recover from the effects of the late big coal strike, is the word brought by C. H. Sandstrom, who went from this city to live in Australia, but who returned last night on the steamer Marama.

That times are generally bad in that country and that it is no place at the present time for anyone seeking investments or employment is his opinion. He says that at Newcastle there are still very many vessels laid up waiting for coal, and that it will take some time before business assumes its normal aspect. The present labor government does not inspire confidence, as they are borrowing money with which to pay the interest on past loans, a course which is bound to end disastrously.

The Marama brought a great crowd of passengers from Sidney, Brisbane, and Honolulu, as well as a number who joined her at Fiji coming from New Zealand. Among the last mentioned was Jack Quick, brother to Reeve Quick of Saanich, who, with his wife, has returned to reside here permanently. He was here on a visit two years ago, and now has sold out his New Zealand home, and will make another in this neighborhood.

Among the other passengers were a number of people going to see the big fight at Reno, including Eddie Brusso, a brother of Tommy Burns. He is nothing like as big or well-made as his well-known brother.

The Marama had a large cargo, including a quantity of frozen meat to supply the great need of this coast. Most of this was sent on to Vancouver. The steamer left here just before noon for the Mainland.

VENTURE EXPECTED TO-MORROW MORNING

Vadso Going North From Vancouver Instead of Lying Up for Week

Steamer Venture of the Boscowitz line will complete her maiden trip from this port to Prince Rupert and Stewart and back to-morrow morning, when she is expected to arrive at this port. She will carry excursionists to Pedder Bay on Friday, and that night at midnight will leave for the north again. There is already a large booking of passengers and freight for her.

Steamer Vadso of the same line is in Ladysmith to-day on her way south, and will go north from Vancouver to-morrow night without coming here. It was intended to lay the Vadso up for a few days for overhaul, and arrangements had been made for taking her out on the slip, but the large amount of freight offering made it necessary to go north again at once.

A bee, unladen, will fly at the rate of forty miles an hour; but one returning to the hive laden with honey does not travel faster than twelve miles an hour.

GIGANTIC SHARK IS CAUGHT IN STRAITS

Two Fishing Schooners Made Capture Between Port Angeles and Port Crescent

(Times Leased Wire.)

Seattle, Wash., June 29.—A gigantic shark, 30 feet long and weighing 15 tons, was captured, after a mighty struggle, by the combined crews of the fishing schooners Good Partner and Pioneer II., between Port Angeles and Port Crescent, in the Straits of Juan de Fuca, last Sunday.

News of the capture was brought here to-day. Olaf Larsen's arm was broken, Captain Dragich was cut in the head and face by flying glass, and a net worth $50 was destroyed in the fight with the shark. The monster was finally entangled in three nets, towed to a sandy beach and there left high and dry as the tide ebbed.

The tail was full of splinters and blue paint, where the shark had smashed at the hull of the Good Partner again and again. The flukes of the powerful tail were six feet apart. The shark was 18 feet in circumference at the middle and 12 feet around the head.

C. P. R. BUYS HULK FOR COAL CARRYING

William H. Case Will Often Come to This Port With Fuel for Fleet

The C. P. R. has recently purchased the hulk William H. Case to be used for carrying coal to Victoria and Vancouver from the mines, for the coaling of the ferry and other steamers. The boat was built at Scotland, Maine, in 1878, and was originally a fine barquentine. While a new vessel she was dismasted in a gale and was then rigged as a barque. After a rather unfortunate career as a windjammer she was converted into a coal hulk at Seattle, from which port she is being brought to British Columbia.

Formerly the coaling was done by the steamer Otter, but for the summer months that steamer has been chartered by the Pacific Whaling Company, and scows were used for the transportation of the fuel. These have not proved very satisfactory, with the result that the hulk has been purchased. It is understood that a hulk tows much easier than a scow, but on the other hand there must be a man aboard the hulk to steer, something which is not required on a scow.

The Czar will be used in towing the recently acquired craft.

SHIPPING REPORT

(By Dominion Government Wireless.)

Point Grey, June 29, 8 a. m.—Clear; calm; 30.02; 62. Quadra anchored in English Bay, at 8 a. m.

Cape Lazo, June 29, 8 a. m.—Clear; wind N. W.; 29.98; 53; sea smooth. Spoke Prince Rupert northbound, at 8 p. m., passed through Seymour Narrows, at 6:30 p. m.

Tatoosh, June 29, 8 a. m.—Clear; wind N. E., 10 miles, 30.03; 53. In, steamer Cuzco, at 9 p. m.; steam schooner Wasp, at 4.25 a. m.

Prince Rupert, June 29 8 a. m.—Overcast; wind S. E.; 29.65; 51; sea smooth. In, Cottage City, at 7:45 p. m.; out, northbound, during night.

Gas Ring

For heating the house during chilly spring and autumn days

You can have the GAS RING Attachment with the Sunshine furnace. This is a recent McClary invention—and a very desirable convenience.

After you let out the furnace in the spring, and in the early autumn before the winter's coal supply is ordered, there are often chilly days when some warmth from the furnace is desirable. Then the GAS RING is appreciated. Just light it for an hour or two and the house will be comfortable.

Unlike a gas log, the GAS RING does not require removing or the gas pipe disconnected. Instead, it's a permanent feature. It simply takes the place of the lower section of the fire-pot.

The GAS RING is always ready for use. It cannot be clogged up with dust or ashes. It's very economical. If your coal fire should go out you can easily start it going again by lighting the GAS RING.

If our agent cannot give you complete information about the GAS RING write direct to us. 49

McClary's Sunshine Furnace

ROBBERY ON THE MARAMA

VALUABLE CASE OF JEWELLERY STOLEN

Steamer Held at This Port From Nine o'Clock Last Night Until Mid-Day

Some very valuable diamonds and other jewellery were stolen aboard the steamer Marama, which arrived at this port last night. There were all sorts of vague rumors going around last night in regard to the affair, but nothing definite could be ascertained. Contrary to custom the steamer was held here from 9 o'clock last night until midday to-day, but, of course, as she is ahead of time, no one is inconvenienced. Up to this morning no arrests had been made, although it was alleged that a gang of crooks had been operating and that they were known to some of the officials of the ship.

There seems to be some doubt as to whether the robbery did not take place in the port of Sydney before the departure of the vessel. Shortly after her leaving a valuable case of jewellery, including some very fine diamonds, was missed, and, up to the present time, has not been recovered. The opinion seems to be general that the valuables may have been taken ashore at Sydney, or at Brisbane, Suva, or Honolulu.

As soon as the rumor had been passed around that crooks were at work dozens of things were lost—and very soon found. One lady lost her rings and other jewellery, but they were discovered at the bottom of her trunk. A watch was reported lost, but was finally fished out from beneath the mattress of the bed. A man was caught in the act of robbing a Jew, and suspicious characters were seen in all sorts of places where they should not have been. The presence of the "pugs" aboard and of a certain number of right-followers of doubtful appearance heightened the excitement, which, although suppressed, was none the less real. Soon people began to lose steamer rugs and pairs of shoes, tooth brushes and all sorts of things, and some of them are not yet found. That is simply a corollery to the loss of the jewellery and probably none of the thefts except the big one are genuine. One of the passengers stated last night that a number of robberies had been committed aboard.

Capt. Morresby, when seen, made light of the matter, saying that it was natural that on a large steamer with several hundred passengers, things should be lost. He admitted that there was a case of jewellery missing, but denied that it was on this account the steamer was held. His reason was that they were giving the passengers an opportunity to see Victoria by daylight, and also to give them a daylight trip to Vancouver. He admitted that this was something wholly new on their steamers, but did not think it strange. None of the other officials had anything to say in the matter except to deny that there was any truth in most of the rumors.

The owner of the stolen valuables, like many another passenger, ignored the warning posted up prominently on all steamers in regard to placing valuable in the purser's safe.

STEAMER RUPERT CITY WILL CARRY COAL

Chartered by Pacific Coast Steamship Company for Alaska Trade

Mackenzie Brothers' steamer Rupert City has been chartered by the Pacific Coast Steamship Company to carry coal to Behring Sea from Nanaimo. She is to have a considerable portion of her housework removed before re-entering the cargo trade.

During the past few years the Rupert City has had a checkered career. Before coming to these waters she was engaged in carrying coolies from China to Mexico. When this trade was stopped by the Mexican government she was laid up at Hongkong for about two years. She was then chartered, and afterward purchased, by the Mackenzie Steamship Company of Vancouver.

Entirely remodelled and refitted for the passenger trade, she was put on the Prince Rupert run. Last winter she was laid up, but in the spring she resumed the Prince Rupert run, until the arrival here of the new Grand Trunk steamer Prince Rupert. There have been numerous negotiations for her purchase by various interests, but none of them could be brought to a mutually satisfactory conclusion.

WIRELESS IS NOW MADE COMPULSORY

Steamers Plying to United States Ports Must Be Fitted With Apparatus Within Year

A Washington dispatch reported here through the local office of the United Wireless Company says that President Taft has signed a compulsory wireless telegraph bill, which will have the effect of compelling all American steamers to carry the wireless. It will also be compulsory on all steamers making regular calls at American ports, whether American-owned or not.

The new regulation does not go into effect at once, one year being allowed steamers in which to comply with the order. It will apply to all steamers licensed to carry fifty passengers or a crew of ten men.

The action of the United States is simply one more step towards making wireless compulsory throughout the world. The safety of passengers is always the first consideration and now that the system has been proved to be so effective it will soon be universally used.

The new regulation which the president has signed will probably reach such lines as the Blue Funnel, the Bank and Australian Mail lines, and others plying in these waters and which at present are not fitted with this very necessary adjunct to successful navigation.

BELLEROPHON LEFT FOR PORT OF VICTORIA

Bringing Very Large Cargo of Oriental and British Goods to This Coast

Blue Funnel liner Bellerophon left Yokohama for this port on Saturday last and is due to arrive here July 8th. She has on board over 12,000 tons of freight and over 300 Chinese passengers, all of whom will debark at this port.

The cargo consists of large consignments of new crop tea, raw silk, matting, rice, gunnies and curios from Oriental ports, and a large amount of steel pipe and general European cargo for Victoria, Vancouver and Puget Sound. The silk consists of 600 bales, which will be discharged at Tacoma.

The Oanfa is coaling after loading about a million feet of fine spruce lumber at Vancouver, after the completion of which she will come here to load 1,000 barrels of oil at the outer dock. Proceeding to Puget Sound she will take on about 5,000 tons of United States government cargo for Manilla, as well as general cargo for the Orient and United Kingdom.

The Antilochus, now on her seventh voyage to this port, left Liverpool on Saturday with 14,500 tons of freight for the Orient, Puget Sound and B. C. ports. Included in her cargo are big consignments of machinery for China and Japan, and a heavy shipment of whiskey and beer for Singapore and the Straits Settlements.

The Ningchow left Penang Saturday for this port.

The Titan, Capt. R. Day, is expected to arrive at Liverpool July 6th. She has on board a heavy cargo of general merchandise.

Word was received yesterday of the arrival of the Princess Ena at Skagway with a large cargo of general freight. This included about 100 head of cattle, 300,000 feet of lumber, and a large quantity of machinery as well as sundry small consignments.

* * *

A new schedule has been arranged for the steamer Amur plying between this port of the Queen Charlotte Islands. For the summer months the Amur will leave here every alternate Monday, commencing July 11th. Until recently the steamer has been sailing on the first and fifteenth of each month.

TIMES WANT ADS. PAY

EMPLOYEES PARTNERS IN LUMBER MILLS

Stock Not for Sale But Will Be Given to Men According to Ability

Creston, June 28.—A. E. Watts, president of the Wattsburg Lumber Company, which owns mills at Proctor and Wattsburg, upon being interviewed in reference to his co-operating plan of employing workmen at his mills, said in part:

"My proposal of making employees partners is to give them a real business interest in the business in which they are engaged, and I do not propose asking men to purchase shares, they are not for sale, but will each year distribute a certain proportion of shares to the employees who exhibit a real interest in the business in a practical way. These shares will be fully paid up and will carry no liability with them, and will be given according to the worth of the men and their ability and the measure of success they make. My idea is to attract good men, who wish to make permanent homes, and for that purpose we have reserved lands near our mills which will be either sold on easy terms or leased to workmen under perpetual lease. Lumber and all necessary articles for construction of permanent residences will be supplied on time and at wholesale prices.

"With the high wages men can now earn at our works in logging camps, in the sawmill, and in the sash and door factory, if they own their own home with an acre or two of land, if attended to in their spare time, they can save at least half their wages, and it is a well known fact that an acre of the productive land of the Kootenays can produce from $100 to $200 worth of produce annually. Therefore, if he chooses he can be practically independent in the course of a few years, besides becoming a partner in a lucrative business. But it is distinctly understood that we have no use for drones or men who are looking for easy snaps, and also that when we are giving our shares as an inducement to attract good men, they are not getting shares in a bogus concern, but in a concern whose assets are worth over half a million. Neither is a sawmill of this kind a temporary business, as we contract over three million feet of timber tributary to the Proctor sawmill alone."

BANDIT'S FAREWELL LETTER.

Lynn, Mass., June 29.—Harboring the belief that he will surely be executed for his part in the killing of Thomas A. Landregan and Policeman James H. Carroll on Saturday, Charles Wasiliki Itwanowiski, one of the bandits, yesterday wrote a letter to his mother in Russia. The letter in part read as follows: "I write now that I have been arrested and in quick time will be sentenced to death, but what for, what cause, I will not write you. So I bid farewell. Please forgive me for not obeying you, but now it is too late."

VETERANS OF BRITAIN'S WARS ARE ORGANIZING

Steps Being Taken in Winnipeg to Form an Association of All Who Have Fought

The tale of Britain's battles on land and sea has always been a fascinating story. The flag that has braved more than "a thousand years the battle and the breeze" has been impressed vividly on those who have read the fascinating tales of prowess and daring of "the men behind the guns."

It has always been a wonder why no serious organization of the ex-soldiers has not been heretofore attempted. But, at last, definite steps have been taken to form a new association of Veterans that will extend, eventually, to every part of Canada. This new veterans corps have already applied for registration and will be legally incorporated.

Every veterarr or ex-soldier is eligible to become a member free of all charge. There will be no dues whatever to those who join now before incorporation. A very large number of South African war veterans, '85 Rebellion, Fenian Raid, Imperial service, ex-army and navy men, are already enrolled in this new veterans' brigade, including veterans of the Crimea, Indian frontier and colonial wars.

Every veteran ex-soldier should send in his name and address at once (stating corps served with) to the secretary organization committee Veterans Corps, 183 Walnut street, Winnipeg, Man. Veterans are requested to send in names of all other ex-soldiers known.

Col. Thos. Scott, a veteran of the Wolseley Red River expedition and the Northwest Rebellion, is chairman of the committee, and J. Hooper, of the infantry brigade staff of the Northwest Field Force, secretary.

IMPROVING RAILWAY.

Phoenix, June 28.—The Canadian Pacific railway between Phoenix and Eholt is now the scene of great activity, the grading and laying of new track having been commenced this week in earnest. Over one hundred men are employed. The entire ten miles of track is being raised from eight to ten inches, the material for grading and ballasting being brought from a gravel pit, one mile west of Eholt on the Greenwood road. The old steel is being replaced by new 80-pound rails and the new work is expected to cost upwards of $20,000.

Three work trains are operating on the grading, which will be completed before the laying of the track.

When the improvements now under way are completed the troubles of the local crews will be minimized and the Canadian Pacific outlet from Phoenix will be one of the best roadbeds in the mountains.

Chinese divide the day into 12 parts of two hours each.

WHITE TENTS VANISH FROM MACAULAY PLAINS

Fifth Regiment End Training—Excellent Firing Last Night

Following firing practice by No. 3 company with the twelve-pounders, in which excellent results were obtained, No. 2 and No. 3 companies of the Fifth Regiment last night struck camp at Macaulay Plains, and after being joined by No. 1 company from Esquimalt barracks, marched back to the drill hall headed by the band. Following their sixteen days under canvas the artillerymen looked exceptionally fit and their soldierly appearance was generally commented upon by the crowds which watched their progress through the city streets. Officers and men are enthusiastic over the excellent showing in drill and practice which has been made during the training, and Lieut.-Col. A. W. Currie warmly complimented the regiment before dismissing it last night.

Sixty rounds of shrapnel were fired by No. 3 company last night at floating targets in competitive practice and excellent scores were made, according to the observers. The firing was watched by Hon. T. W. Paterson, lieut.-governor; Hon. William Templeman, Col. Peters, D. O. C.; G. H. Barnard, M. P., and other prominent citizens.

On returning to the drill hall Lieut.-Col. Currie praised the regiment in high terms for its fine showing during the training and the appearance of the men on parade. He said that he had no doubt that the results of the competitive firing throughout the Dominion would show that the Fifth Regiment still maintained its place at the top.

The battery practice of No. 1 company at Esquimalt on Monday night resulted in fifty-six hits out of a possible sixty being made. The company manned the twelve-pounder battery at Black Rock and fired at floating targets, which were laid by the army tug Beryl. Three series of twenty rounds were fired. One shell cut the tow-rope holding the rear target. Col. Peters and Capt. Elliston complimented the company on its good work.

PRINCE RUPERT BAPTISTS.

Prince Rupert, June 28. — Another church has commenced services in Prince Rupert. Rev. H. G. Eastbrook, superintendent of Baptist missions in British Columbia, held services in McIntyre hall, which were well attended. Rev. J. Willard Litch is to take charge of the congregation here. He is an able preacher, formerly pastor of the First church, Calgary, then of the First church, Vancouver, and later of the Broadway Baptist church, Winnipeg. A few months ago he was by urgent request of the general board of Baptist union of western Canada, left free of a charge to help in general evangelistic work.

Great Alterations and the Remodelling of Our Store

Have Forced us to Sell Our Entire Stock of

Boots and Shoes

Every pair to be sold. You can save 50 cents to $2 on every pair of shoes for cash

30,000 Dollars Worth of Boots and Shoes Unmercifully Slaughtered

All our goods are marked in plain figures. We simply knock off 50 cents to $2 on every pair. We don't have reduced sales very often, but when we do, footwear moves.

Come everybody and get a bargain. Remember, all goods sold at these prices are strictly for cash.

White Oxfords and Outing Shoes for Holidays

James Maynard

1313 Douglas Street

Phone 1232 Odd Fellows Block

WE TOLD YOU SO!

On Wednesday, the 15th, the money was paid and there came into the possession of the AMALGAMATED DEVELOPMENT COMPANY, thirty-four oil claims, together with over $100,000 worth of machinery, including drills, machine shops, commissary supplies, saw mill, steel tramways, pumps, tanks, pipe lines, a 200-ton schooner and

Six Producing Oil Wells

Four of which are situated upon Mineral Entry No. 68, a Patented Oil Mining Claim of 160 acres, all in the Katalla, Alaska, Mining District.

It took a lot of money to enable us to take advantage of the inability of others to carry this immense project to a successful issue, but we got it, and we will have a cargo of oil in Vancouver harbor in thirty days and just as soon as we can raise the means to build our pipe line to deep water we will be shipping

Two Thousand Barrels Daily

and more, as fast as new wells can be drilled.

This immense project was too large for the International or Northern Oil Companies to handle so the promoters, who were instrumental in forming all three companies, in fairness to their old stockholders, have offered and will take up the stock in the last two named, and will issue the same amount of stock in the new company, with the ultimate object, in case all of the stockholders come in, to take over the properties of the two companies, thereby making still more extensive the holdings of the Amalgamated Development Company.

Shares for a limited time, $1.00 per share; to be had only by those holding International or Northern Oil stock, limited to the number of shares so held. All other stock $2.00 per share.

Edward S. Curtis, well-known for his photographs of western American Indians, is cruising along the B. C. coast to study and photograph the Indians of this coast. He is gathering material for a book on "The North American Indian," to be published under the patronage of J. Pierpont Morgan and with a preface by Col. Roosevelt.

* * *

Among yesterday's hostesses were Mrs. Lugrin and Mrs. Nathaniel Shaw, who held an "at home" at their residence, "Romain Motier," Esquimalt. About 250 guests attended this reception, which was one of the largest given this season. The house was charmingly decorated for the occasion with masses of pink roses, pink carnations and Canterbury bells. Mrs. Lugrin wore a beautiful black embroidered robe and Mrs. Nathaniel Shaw looked charming in a pale green chiffon gown. During the afternoon Mrs. Fahey delighted the guests with some songs which she rendered most exquisitely, being accompanied by her sister, Miss Norah Lugrin.

* * *

Rev. Canon Cooper yesterday afternoon united in marriage at the residence of the bride's parents, Haydon Farm, Burnside road, Miss Alice Porter, daughter of Mr. and Mrs. Robert Porter, and Mr. J. W. Sangster, of the C. P. R. coast service. Miss K. Sangster, sister of the groom, acted as matron of honor and Mr. H. A. Porter, brother of the bride, supported the groom. The bride was beautifully gowned and wore a veil of real lace, the gift of Mrs. Pooley, Nicola, B. C. The numerous presents bore witness to the esteem in which the young couple are held. Mr. and Mrs. Sangster left for Harrison Hot Springs, where the honeymoon will be spent. Upon their return they will take up their residence in the house being built for them in the Burleith subdivision, this being a gift from the bride's parents.

Edward VII.'s short reign was remarkable for the exceptional number of titles conferred. Of 1,183 Knights Bachelor now living no fewer than 625 were created in the last nine years. King Edward created 3 barons, but no dykedom. The only marquessate bestowed was on the late Earl of Hopetoun, first governor-general of Australia, but three new earldoms were created.

The Evening Chit-Chat

BY RUTH CAMERON

"I hear that shirring is coming back into style," I said.

I thought that a most mild, inoffensive remark, and was accordingly quite surprised when the dressmaking lady who was squatting on the floor hanging my skirt with the aid of a mouthful of pins, nearly swallowed them in her effort to say something.

"Never!" she ejaculated, as soon as she had managed to extract sufficient of them to make speech safe and possible. "Never, I hope, Miss Cameron. Of all the ugly, inartistic things you can do to a dress, shirring is the worst. There is nothing attractive about it. If the material is pretty, shirring hides it. If the material is homely, bunching it up like that makes it more so. The only possible use of shirring is to show that you could afford to have some poor dressmaker put a lot of work into your gown."

Did I quail before this tirade that I had aroused? No, indeed; I was delighted. I realized the value of having gotten the dressmaker lady nicely started to talk on a subject on which she is such an authority, and did my best to spur her on to tell some of the other inartistic and foolish mistakes women make in gowning themselves.

And here are some of the pearls of dressmakerly wisdom that she let fall:

"Never let a yoke line slant up in the slightest degree. That is absolutely fatal. The line should be straight or bow slightly downwards.

"In making the new overskirt dresses, if you have a coat of the same, be sure either that the coat covers the overskirt or that it is cut well above it, and that the skirt follows the line of the coat.

"Many of the shirt waists, even from the most expensive houses, do not have the shoulder seam far enough back on the shoulder. This is a very bad fault, as it makes the back much less straight.

"The broad bands on the skirts at the knees that so many people are wearing are absolutely impossible. They make your figure look sawed off and your feet look enormous.

"Nothing is uglier than a long sleeve. Never mind, even if your arms are thin. They will look better bare than in the inartistic long sleeve. Have the sleeve just below the elbow, if that is painfully thin, but have it stop there.

"Dutch necks are absolutely impossible. I don't care if everybody on the face of the globe wears them. They are not good style. They look as if you had either forgotten your collar or were trying to crawl out of your dress head first. You should either have a distinctly low neck or high collar. Half breeds aren't accepted in good society.

"Never make a princess dress without making the sleeves large and full. For some reason that accentuates the fine slender lines of the princess effect.

"Touches of black velvet on a light dress are extremely inartistic.

"A belt of a separate color spoils a figure. A belt of the same color as the waist is poor taste, and of course, makes you short-waisted. If you want to look trim and have the best figure possible to you, always have the belt the same goods as the waist and, if possible, stitch it on."

And, as a summing up, as it were a threading of all the pearls of wisdom onto a single string, I give the dressmaking lady's final comment:

"The Paris models from the best houses, my dear, are never elaborate or fussy. They are made on severe lines and trimmed simply with some good embroidery. The whole thing is to have pretty goods and have it made on good lines."

Myself, I don't claim to know a tremendous lot about gowns but, having seen her product, I'm sure the dressmaking lady does, so I humbly beg to offer you her suggestions.

Ruth Cameron

NEW GRAND THEATRE.

There is many a laugh at the Grand this week and there is some of the best kind of music. There is an equilibrist feat that will take a lot of beating in any show and there are other acts on the bill that alone are worth the trip to the show. The Highlanders are at the top of the bill, closing the show with a fine musical turn and being repeatedly encored. Murray K. Hill is a free-and-easy talker, and recites a poem of a wreck at sea which is very pathetic and dramatic. The Zinelle duo get a big hand for their "237 Miles From New York" sketch, and Harry Tsuda, the balancer, and James Toney and Antionette Norman offer a new dance and some songs, all of which is on a par with the best turns of this kind that come here. There are the pictures and the song, too.

French surgeons are trying to figure out some connection between the increase in nervous diseases in the Navy in that country and the use of wireless telegraphy.

The Plants Show You Why

Why do your plants soon wither and die in the house in Winter?

BECAUSE the house lacks moisture—

BECAUSE the kind of Furnace you have is giving off a dry, unnatural, parching heat. The average Furnace does this because in warming the air it dries out the natural humidity of the atmosphere *and fails to replace it.* Instead of the 70% average humidity of the outside air—your present furnace heated air probably contains less than 30% of moisture.

The Remedy is in the Circle Waterpan OF THE "Good Cheer" Furnace

This encircles the Furnace—it is big—commodious—sensible—it holds several times as much water as the makeshift pan in the average Furnace—it is placed just at the proper position to catch the incoming air—to give it extra moisture before it gets to the heating surface, and thus the air supplied to the rooms is *almost* as humid as the outside atmosphere.

The "Good Cheer" Circle Waterpan Furnace saves Doctors' bills as well as coal bills.

For full particulars of the splendid Furnace write 5

New York Stocks

(Times Leased Wire.)

New York, June 29.—Higher quotations sent from London had a sustaining effect on stocks at the opening today, but a sharp decline followed with the grain carriers showing the greatest weakness. Reports of spring wheat damage caused disturbance at intervals.

Railroad stocks suffered a drop generally. Southern Pacific lost 1 3-8, Union Pacific 1 1-8, Great Northern Preferred 1 1-4, New York Central 1, and Atchison 1. Denver & Rio Grande Preferred rose 1 3-8 and Atlantic Coast line 1. Bonds were irregular.

In the period from 1897 to 1908 there were erected in the County of London 87,934 new buildings, and in the same period 148 miles of new streets were laid out.

There are at least five hundred varieties of the potato in existence.

COMPANIES' ACT WAS DISCUSSED YESTERDAY

Vancouver Representative Meets Committee of the Board of Trade

A conference was held yesterday afternoon between the trade and commerce committee of the local board of trade and George A. Campbell, of Vancouver, who was one of the deputation which met Attorney-General Bowser in the Terminal City recently, seeking a suspension of prosecutions under the new Companies' Act which goes into force on July 1st. The act was discussed from several standpoints.

Following the flat refusal of the attorney-general to act in regard to withholding the measure until the next meeting of the legislature, the Vancouver business men are hoping that the meeting of the Victoria board and Premier McBride, which will take place in a day or two, will have a better result. The unanimous opinion of both boards is that the operation of the act will have a far-reaching detrimental effect upon the trade of the province.

J. PETERSEN DROWNED; COMPANION RESCUED

Canoe Overturned Off Work Point Yesterday—F. B. Richardson Saved by Tug

Loosing his grasp on an overturned canoe, in which he and a companion had been sailing off Work Point yesterday afternoon, John Petersen, a Scandinavian, was drowned just as rescue was approaching. F. B. Richardson was rescued by a boat from the tug Daisy a few moments later.

The two men had taken the canoe from a boat-house in the harbor and were paddling about off the barracks when Petersen suddenly sat on the edge of the frail craft, which immediately turned turtle, throwing both into the water. The men managed to cling to the canoe, and while recovering their composure Petersen apologized to Richardson for his carelessness.

Being a good swimmer Richardson decided to swim ashore and bring assistance but had only made a few strokes from the canoe when he heard Petersen groan. Turning back he saw his companion throw up his hands and sink and at once swam back to the canoe. He was unable, however, to assist Petersen, whose body never came to the surface again.

The tug Daisy, which was passing at the time, with a scow in tow, was stopped by Capt. A. E. Lewis close to the scene and Richardson was taken on board and afterwards landed at Work Point. The crew of the tug secured the dead man's body with boat-hooks from twelve feet of water.

Very few particulars have been learned by the police concerning Petersen, who is not thought to have any relatives in the province. An inquest will be held by Coroner Hart at 11 o'clock to-morrow. The funeral will take place at 2:30 from the B. C. Funeral parlors.

Richardson is none the worse for his misadventure although shocked at the tragic death of his friend.

What Is Duffy's Pure Malt Whiskey?

It is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a medicinal whiskey; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It is a gentle, invigorating stimulant and tonic.

WHAT DOES IT DO?

It builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces; it makes digestion perfect and enables you to get from the food you eat all the nourishment it contains.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of good health and longevity, makes the old young and keeps the young strong.

It cures nervousness, typhoid, malaria, every form of stomach trouble, diseases of the throat and lungs, and is recognized as a medicine by doctors of all schools.

Thousands of letters have been received from men and women in all walks of life, many from those nearly 100 years old, extolling the virtues of Duffy's Pure Malt Whiskey as the world's greatest medicine; $1.50 a large bottle.

BEWARE of imitations and substitutes. They are positively harmful and are sold for profit only by unscrupulous dealers. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken.

Doctor's advice and medical booklet free.

ADVERTISE IN THE TIMES

ADVANTAGES OF FIGURE TARGETS

Lord Roberts Declares Future Battles Will Be Won by Snap-Shooting

A gentleman, writing under the nom de plume of "Marksman," to the London Morning Post on the respective merits of figure targets and bulls' eye targets says:

"The remarkable rifle shooting match for boy marksmen throughout the British Empire organized by the Imperial Cadet Association, which took place in London in the presence of Field-Marshal Lord Roberts and Captain the Hon. Lucius Cary, who represented the war office, was an event of extreme importance in view of the conflict of opinion which exists between the army council and the National Rifle Association in regard to the training of riflemen. This rifle match completely vindicated the policy of the army council upon this question.

"The results which have been published leave no doubt whatever that figure target shooting is not only more interesting and more useful than bull's-eye shooting, and that it is quite as practicable and quite as cheap.

"In regard to the vital question of expense, it is interesting to note that a number of lads whose means must be very small were able under practical military match conditions, from which more or less costly shooters' requisites are eliminated, not only to train themselves to be good shots but also to win prizes, while under the ordinary conditions of bull's-eye shooting, in which according to General Egerton the results depend upon the purchase of shooters' requisites rather than upon the firer's skill, these lads could not compete with richer boys upon equal terms or at all. This is not the least important of the issues involved in the bull's-eye controversy.

"Undoubtedly the most important feature of this match is the authoritative ruling of Lord Roberts upon the vexed issues of this controversy. In a short speech he declared that his experience of the South African war convinced him of the absolute necessity of radical changes in the training of riflemen. These changes required a careful training of the eye and practice at figure targets.

"He dealt with the grounds of opposition to the use of figure targets which have already been mentioned, but declared that he regarded them as groundless. He expressed his opinion that figure targets would prove far more popular than the bull's-eye target, and would certainly be far more practical and far more useful.

"In regard to the military conditions of the match, Lord Roberts repeated that in his opinion battles in future would be won by snap-shooting at decisive ranges. And he expressed his pleasure at the excellence of the snap-shooting which he had witnessed by the boy marksmen under military conditions. Finally in response to the enthusiasm and keen interest of the lads, Lord Roberts declared that he had never seen such enthusiasm over bull's-eye shooting.

"The rifle club movement owes more to Lord Roberts than to any living man. It is largely owing to his influence and energy that it has attained to its present strength. And it is sincerely to be hoped that the opinions he has expressed in support of the policy of the army council in training riflemen will help to end a state of affairs which at present robs the rifle club movement of most of its value, and through the opposition of its leaders to the guidance of those responsible for the defence of these islands directly affects the safety of the nation."

An investigaion into the aggregate expenditure on tobacco in the United Kingdom is contained in the report by the United States consul, Walter C. Hamm, of Hull, to his government. He estimates that the total value of manufactured tobacco imported for consumption amounts to £2,277,000. Consumption of tobacco manufactured in the United Kingdom, in cigars, cigarettes and pipe tobacco, £21,383,000. The total tobacco bill, with sundry accessory items works out at £24,268,000.

FRANK T. BULLEN ON "THE LAND OF PROMISE"

Well-Known Author Who Recently Visited Victoria Writes Impressions of Canada

"Don't you think Canada is being a bit overdone?" A not at all unreasonable question asked me by a friend to whom I had mentioned my project of touring Canada from east to west and writing my impressions as they asserted themselves. Possibly; and yet since I have been here—the third time in thirty years, the last time nine years ago—I have been made to feel that there is abundant scope for more personal writing about the great booming, blossoming Dominion, writes Frank T. Bullen, the well-known author who recently visited Victoria, in a recent issue of the London Daily Express.

And I arrived here at a peculiarly propitious time for obtaining a new set of views about Canada. Taking for granted all the wonderful word-pictures of her potentialities, her amazing strides towards true greatness because of her good rulers and her astounding natural advantages, there is much, very much, besides that is vitally interesting to a student of humanity.

Now since there is no one to suggest or to demur, I will take seriatim those features of life here which strike me most seriously in their order of precedence in my mind. For ease of understanding, I write always American for the people and things of the United States and Canadian for those of the Dominion. First, then, I was struck with the greatly increased prevalence of American speech, idioms, accent, etc., among both men and women here. It is, I know, fairly easy for a keen observer to place folks of nearly every state in the union by their accent, but I think it is an almost impossible task when once away from the province of Quebec to differentiate between the speech of the Canadian and that of the Americans from the northern states. And the higher up in the scale of prosperity they are the nearer does their speech approximate to that of each other.

Of course, the patois of the habitant of the old province is unique, unlike any other in the world; some of it, indeed, so difficult that I, who flatter myself that I am able to understand most of the argot into which the English language is tortured in any part of the world, have sometimes found myself quite baffled by this strange mixture of old French and clipped English. Other Canadians have, however, as I say, literally absorbed the American dialect of the English tongue, so that a stranger who is conversant with that dialect and idom may very easily commit the grave offence of mistaking a Canadian for an American.

When once the similarity of speech has been got over, certain most important differences present themselves — nay, thrust themselves—upon the notice. The first is that politeness between man and man is not resented or looked upon as a sign of weakness here; saying "please" or "thank you" to one who serves you does not cause you to be looked upon as a fool who may safely be treated with contempt. There are exceptions, of course, but it will nearly always be found that they are people who have come from the States. Politeness, yes, ultra-politeness, and deference from man to woman is about the same here as in the States; in fact, any other attitude is unthinkable.

There is, too, the same smart, well-groomed air among men, young and old; the same lavishness in the smaller details of the toilet, both in cost and time, which stamps the American citizen so unmistakably. I have not been in the States for several years; but when I was there, tipping was not in vogue at all. Here everybody who performs the slightest service expects a tip, and in many instances does not wait for it to be given, as, give a boy 2½d. for a halfpenny newspaper or a shilling for a tenpenny article, and you will get no change. Less than 25 cents (a shilling) tip to the waiter at each meal is received with silent scorn. A local telephone call costs fivepence.

But I would not for a moment have it supposed that I am quoting these prices in any capering spirit. They come as a shock to a visitor from a land of cheapness and small incomes, and it takes a little time to get reconciled to the extraordinary prices one has to pay for food in a land whence comes so enormous a proportion of Britain's cheap food. I take it, however, that these prices, paid without a murmur or a wince by the people themselves, are sufficient evidence of the abounding prosperity of the country and of the great abundance of money. Judging by what I see in the hotels, the amount spent by the average citizen in cigars alone would be a tidy income for many men in responsible positions at home.

Another curious fact emerges from my daily observations of the crowd that flows and ebbs through the various hotels in which I have stayed, necessarily of a high grade, corresponding to the leading hotels at home. It is that by far the larger proportion of the men, though scrupulously well dressed and well groomed, quiet spoken, and well mannered, bear on their faces and hands the evidences of manual labor, the ruggedness which we associate with the doers of the world's rough work. These men move easily among palatial surroundings, paying big prices for the necessities of life, and show no want of acquaintance with all those little niceties of the table and the drawing-room which we are very apt at home to consider the stamp of the "superior classes." It is a hateful distinction which, if made here, would earn a scornful laugh, if not a scowl of dislike, but you will know what I mean.

These are the men who have arrived, who have found in this young giant among the nations those opportunities for the use of their gifts of brain and sinew. Their children are Canadians, and bear a different stamp of face from their parents. Keen, bright, and upstanding, they show no furrows of the ploughshare of anxiety which has left its indelible mark upon their fathers.

NO MORE TORTURE FROM ECZEMA

Relief Quick and Cure Certain When DR. CHASE'S OINTMENT is Used

There is no form of itching skin disease which can defy the extraordinary curative powers of Dr. Chase's Ointment.

This is a strong statement and is only made after years of experience with the use of this preparation in the most horrible cases of eczema which you could imagine.

Relief from the terrible itching comes with the first few applications and then it is a question of patiently applying the ointment and watching the natural process of healing which is set in operation by this great healer.

There are lots of cures to refer to, but what you want is actual trial in your own case, when you will soon realize that there is no disputing the wonderful healing power of Dr. Chase's Ointment.

If you have Eczema or any form of itching skin disease don't let an hour pass before sending for this treatment. 60 cts. a box, all dealers or Edmanson Bates & Co., Toronto.

TRAINING EXPERTS.

Foreign Students at the Greenwich Royal Naval College.

The Royal Naval College at Greenwich, says Engineering, still continues our most important centre for the dissemination of the principles of scientific shipbuilding, not only in Britain, but in many maritime countries. Several distinguished naval architects of America, holding high positions in the navy and merchant services at the present time, gained their knowledge by attendance at the class; the list includes such well known names as Admiral Bowles, Messrs. Lewis Nixon, D. W. Taylor and others. Mention might be similarly made of prominent constructors in Japan, Russia, Norway, Denmark, Portugal and Brazil. In 1897, however, it was decided by the admiralty to withdraw the permission hitherto granted to foreigners to become students—a rule which has only recently been relaxed in favor of Japanese, Portuguese and Brazilian students.

The training is so valued that there is keen competition for entry, and the standard of admission is thus exceptionally high. At each stage along the road stiff barriers are set up, in the form of tests of class work and of examinations in order to ensure that only the most assiduous and capable students reach the ultimate goal of appointment to the Royal Corps of Naval Constructors. Indeed, the curriculum and the procedure have formed the basis for all naval architectural courses since organized in several universities in this country. This Royal Corps of Naval Constructors was formed in 1883, largely as a consequence of the action of Sir (then Mr.) William White, before he left the admiralty to organize the warship building department at Elswick. A committee was appointed. The scheme prepared by Sir William White and adopted by Admiral Sir Houston Stewart, then controller of the navy, was accepted because it contained a "large promise of success," and followed lines already accepted by the naval authorities of France, Italy, Russia, Austria and the United States. To this royal corps naval architecture owes much, because of the influence which the work done has exercised on the shipbuilding industry generally.

Living Expenses

Can Be Greatly Reduced By Owning a Home of Your Own

A good way to get a home is to buy a good lot cheap and build upon it. It costs you perhaps $25 per month for rent. We can sell you a cleared and cultivated lot, with 50 foot frontage, 10 minutes' walk from the Gorge and 12 minutes' walk from the Douglas car for

$200, and $25 Cash

Gives you possession. You can pay $10 per month afterward until the $175 balance is paid. A small house doesn't cost much money and it isn't difficult to see the advantage of owning a home and having the benefit of increased values.

Investors

Have made $100 per lot on these Parkdale lots within two months after buying. These lots lie in the district where electric car extension is almost assured. There are some splendid ones left at this price. Don't wait if you want some of them. Lots half mile further out sold for $350 each.

Pemberton & Son

614 Fort Street

For Sale in Saanich

A beautiful property of about eighty (80) acres, of which some thirty (30) acres are laid out in Fruit, the remainder being cultivated with the exception of a few acres of bush. The fruit trees have been specially selected and are in splendid condition. The view from the property of the Sea and Gulf Islands is magnificent. The owner has had the property subdivided into parcels of from eight (8) acres upwards and would sell the property as a whole or any one or more of the subdivisions. The proposed electric car line will pass close to the property. The owner states that the price asked will only hold good for a short time when a considerable advance will be made.

ADVERTISE IN THE TIMES

AERONAUTS HAVE NARROW ESCAPES

One Probably Fatally Injured When Parachute Fails to Open During Descent

Belleville, N. J., June 29.—Falling one thousand feet from a balloon and clinging to a parachute which failed to open properly, George Taylor, 21 years old, an aeronaut of Philadelphia, was seriously if not fatally injured in making an ascent from Hillside park. When Taylor let go he shot downward like a plummet for two hundred feet, the parachute refusing to open because of some defect. When within a hundred feet of the ground the parachute opened slightly, and this saved him from instant death.

Airship Wrecked.

Manchester, N. H., June 29.—Crashing into a roller coaster structure at Pine Island park, near here, yesterday, E. J. Parker, of Rochester, N. Y., operating a dirigible ballon, had a narrow escape from death when his airship was wrecked. Parker had just left the ground when he lost control of his machine, and sayed himself by clinging to the coaster structure.

Falls Into Lake.

Bucharest, June 29.—While making a flight Quillement, a French aviator, fell 5,000 feet. He escaped death by falling in a lake. His leg was broken and his aeroplane wrecked.

EXPERT SPEAKS ON FOREST CONSERVATION

Declares People Are Beginning to Realize Wealth of Timber in Canada

A note of warning to those who go to the woods to camp during the warm months, and who are careless about extinguishing camp fires, was sounded in a lecture at the Centennial Methodist church, Toronto, by J. Lawler, secretary of the Canadian Forestry Association. Mr. Lawler gave a lucid explanation of the present generally prevalent movement to preserve the forests, and as proof that great care and immediate action is necessary, he cited figures that indicated a vast amount of research work.

"I was standing in Muskoka one day with a man who knows whereof he talks," declared Mr. Lawler, "and he pointed to a large tree. That, said he, could easily bring $75 if it stood in front of the premises of a certain firm in Toronto. It would not be necessary to cut it, either. Just as it stands it would bring that amount."

Mr. Lawler briefly touched upon United States forestry matters at present in the public eye.

"The need of a sound forestry policy is being felt in the neighboring Republic," he saida "Pinchot, until recently the chief forester of the United States government, disagreed with President Taft about this policy, and now he and Colonel Roosevelt seem to be on one side and Ballinger, the present chief forester, with President Taft on the other side."

Citing figures to indicate the alarming condition of the forests of America, the speaker said:

"In the United States it is estimated that there is enough timber to last only thirty years, while if Canada attempted to supply the Republic with timber, the forests would be depleted in eight years. We have started almost too late in our movement to preserve what forests we have. It has been lack of realization of true conditions that has held us so far in check, for it is not so long ago when the belief was general that Canada had a supply of timber sufficiently large for the needs of the United States and Canada.

"Our fathers and grandfathers did not realize the value of the forests, and even to-day we are using more timber than we did ten years ago. Curiously enough, people do not always realize this situation in its most serious aspect. They say: 'Well, the inventors can get busy and produce something that will do instead of timber.' But the question is too serious to dismiss so cursorily."

Another feature treated was the tourist question.

"Maine," said Mr. Lawler, "makes $15,000,000 a year out of tourists. Ontario is away and by far a better tourist country than the State of Maine, but we have not the trees. A tourists' playground without trees is an anomaly. Two-thirds of this province, 8,000,000 acres, are suitable for tree-growing."

The lecture was illustrated with moving pictures, two of which proved rather dramatic by reason of their comparison. The first showed a large pile of laths being burned as waste in Canada, and then the scene was switched to China, where the same laths were sold at so much a pound. The pictures, besides presenting views of Canadian and United States forests, showed scenes in Palestine, where the cedars of Lebanon grow, a land spoken of as once flowing with milk and honey. China, and its dearth of timber, were represented, and then the story of the remarkable progress Germany had made at reforestration was presented.

"It is a great moral question, this," concluded Mr. Lawler, "and it is one of the most important before the people of this country."

Sore Feet.

CHAFED PLACES, BLISTERS, &c.

Are your feet hot, sore and blistered? If so, try Zam-Buk.

As soon as Zam-Buk is applied it cools and soothes injured smarting skin and tissue.

Its rich, refined herbal essences penetrate the skin; its antiseptic properties prevent all danger of festering or inflammation from cuts or sores; and its healing essences build up new healthy tissue.

For stings, sunburn, cuts, burns, bruises, etc.—just as effective.

Mothers find it invaluable for baby's sores!

5-ROOMED BUNGALOW on good lot, 50x120 feet, in a good situation close to two cars. Can be bought for $2,500, with a small cash payment, balance $16 monthly.

Furnished Houses in all parts of the City.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

COAL.—Coal mining rights may be leased for a period of twenty-one years, renewable, at an annual rental of $1 per acre; not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE.

In the Matter of "Waites Brothers," Locksmiths, etc., and in the Matter of an Action in the Supreme Court of British Columbia Between George Frank Waites, Plaintiff, and James Waites, Defendant.

All creditors of, and all persons having claims against, the above named firm are required forthwith to send their names and addresses and the particulars of their debts or claims, together with proof thereof, to me, the Receiver and Manager of the said firm, at my office, 620 Fort street, Victoria, B. C.

In the event of any creditor or claimant not sending in such particulars and proof on or before the 10th day of July, 1910, he will be excluded from the benefit of any distribution made before his claim is proved.

Dated this 20th day of June, 1910.

ROBERT S. DAY,
Receiver and Manager.

NOTICE.

IN THE ESTATE OF ALEXANDER GILMORE, DECEASED.

All persons having claims against the estate of the above named deceased are required to send particulars thereof, duly verified, to the undersigned on or before the 4th day of July, 1910.

Dated this 21st day of June, 1910.

News of the Province

SIX-YEAR-OLD BOY CRUSHED TO DEATH

Instantly Killed While Playing Near Lumber Pile on Street in Vancouver

Vancouver, June 28.—Michael Beasley, the six-year-old son of Mr. and Mrs. Beasley, residing at 1675 Ninth avenue west, was yesterday crushed to death by a number of planks falling on him.

The child with three little companions, was playing at some lumber belonging to the city and piled on Vine street, between Eighth and Ninth avenues, where the sidewalks are being laid. In some manner the top of the pile fell over on the boy, who, at the moment, was playing in the sand. He was buried underneath some six heavy planks.

The accident was first seen by Mrs. Bartig, whose son was one of the companions of the child. She immediately called to J. Macdonald and Charles Morrison, who were working on Ninth avenue. They lifted the planks off the unfortunate boy and carried him home, where a doctor was summoned. Upon his arrival he pronounced life extinct.

BULKLEY CROPS IN FINE CONDITION

Bishop Du Vernet Returns to Prince Rupert After Trip Through Valley

Prince Rupert, June 28.—Bishop Du Vernet has returned to Prince Rupert after a visit of several weeks to the Church of England missions throughout the diocese. Among other places visited are Kitsumakalum, where Rev. T. J. Marsh has been looking after the moral welfare of the community since the early days of the settlement. Sealey or Ellison, where Rev. J. D. Hull is stationed and administers to the construction ten miles both ways; Hazelton, where Rev. J. Field has been located for the past twenty-four years; Gitwangak, where Rev. A. E. Price has labored for twenty years; Aldermere, Telkwa and Round lake.

His Lordship reports the crops in the Bulkley valley looking exceptionally well. This is to be one of the great gardens of northern British Columbia and a base of supplies for Prince Rupert. As yet the population is not very large but those who have taken up land are doing well. One farmer the bishop visited has thirty-five acres sown in oats. Everything grows in this valley and each year will see a very large increase in the population and in the acreage under cultivation. Rev. F. L. Stephenson has been in charge of the mission in the valley for over four years and he reports progress.

SETTLERS FOR THE INTERIOR.

Ashcroft, June 28.—W. H. Dickenson and party of eight, including four families, in all some sixteen people, left Ashcroft a few days ago bound for the Francois lake. These people, who hail from the state of Washington, intend settling on land already located by Mr. Dickenson and associates on the north side of Francois lake, which is claimed to be the most fertile spot in the whole Nechaco valley. This colony has several thousand acres in the section running down to the waters of Francois lake, and the G. T. P. railway will be within eight miles of their settlement. Mr. Dickenson, who spent last summer up there, claims that he has never seen such a fine section of country, and says that for mixed farming the state of Washington itself cannot equal it.

COUNCIL REJECTS TRUSTEES' PROPOSAL

More Trouble Over Question of New School Site at New Westminster

New Westminster, June 28.—The incipient breach between the city council and the board of school trustees will probably be widened by the action of the council last night in dealing with a request preferred by the school board. Secretary Lennie, of that body, wrote to the council asking it, on account of the evident opposition of some of the ratepayers to having the new High school built on Tipperary, to insert on the ballot a clause to this effect: "Are you in favor of securing a site for the High school other than the one on Tipperary, the cost of the proposed site to be in the neighborhood of $20,000 or $25,000?"

Mayor Lee characterized this as a remarkable communication to come from a body of men which had forced the council to submit one by-law instead of two, making it impossible for the ratepayers to say they were opposed to the expediture on the High school, without turning down the estimate for the public school.

"It is my idea, and I think it is the idea of the majority of the council yet, that two by-laws instead of one should be submitted," said his worship. "The council is willing and always has been willing that a new public school should be built, but the proposed $60,000 expenditure for a High school is a matter for discussion. My own opinion is that Tipperary should be set apart for park purposes for all time and that when the time comes for the building of a High school it should be placed, not on the outskirts of the business section of the city, but in a place more accessible to the residential section.

"I think if the by-law is defeated the council should be prepared to submit another by-law to cover the necessary public school expenditure. There may be room in the present High school if ample public school accommodation is provided."

All the aldermen, with the exception of Ald. Smith, joined in making a few remarks about the action of the school board.

Ald. Jardine agreed with his worship, saying that he thought the request for such a referendum was clouding the issue, and he moved that the clerk notify the school board that the council could not see its way clear towards granting the request. Ald. Gray seconded the motion, and later remarked that before the city spent any such sum as asked by the school board for a High school, there should be some effort made to have part of the expenses paid by other parties.

"We are providing High school accommodation for every country school in the district," said he, "and I think the city ought to be reimbursed in some way for it. The provincial government ought to be asked to contribute towards the expenses."

Ald. Bryson thought that the school trustees were showing a great deal of tact in dealing with the affair. They had shown their tact when they had compelled the council to submit one by-law instead of two. He said that he had been told by a trustee that the board had insisted on having the by-laws combined that there was less chance of the High school by-law being defeated. They were showing their tact again when they intimated that a new site would cost in the neighborhood of $20,000, for that was much too high; and they wanted to scare the people into voting for the other by-law.

Ald. Jardine's original motion to file Secretary Lennie's letter and notify him that the council could not grant the request was put and carried unanimously.

RICH STRIKE IN LUCKY JIM MINE

Another Tunnel Will Be Driven on Property—Large Concentrating Plant Proposed

Nelson, June 27. — A strike which doubles the value of the already celebrated Lucky Jim mine was made recently. The mine is now practically controlled by Nelson, Vancouver and Spokane capitalists. G. V. Verloeper is managing director and Tony Beckers is in charge.

Work has been proceeding on No. 5 tunnel for several months and various smaller ore bodies have been encountered. Recently the "big fissure" was struck, which is the leading ore body in the mine. This fissure has been cut by previous tunnels at one level below another and has been found to improve both in size and quality as it goes down. Since encountering the present strike it has been thoroughly crosscut and explored and is found to show a width of thirty-five feet and is pronounced by experts to contain the best ore yet found in the mine.

A thousand tons have been taken out from the fissure at the higher levels and large shipments have been made, all of which have been found to exceed 50 per cent. in "green ore." As mining men are aware, this is a very exceptional value for zinc ore, so much so that it is quite unknown in the mines of Missouri and other mining states, and is believed to be found nowhere else on this continent.

Prior to the present strike the Lucky Jim had already been pronounced to be the richest zinc mine in America. The directors have just purchased a tramway which will connect with No. 5 tunnel and will give direct access to the railway. Shipment should begin immediately the railway is ready to handle the ore. Another tunnel will also be driven in from the railway level to the fissures and ore will be taken out from both.

It is also the intention of the company to erect immediately a large concentrating plant at Kaslo. Negotiations with this end in view have been carried on for some weeks and the city of Kaslo has met the company half-way, giving liberal concessions in the form of tax exemption and free water. As an agreement is now being concluded, work will be pushed forthwith and a considerably increased number of men will be employed both in the mine and at the concentrator.

WEDDED AT SOUTH WELLINGTON

Nanaimo, June 28.—An interesting marriage ceremony was performed at South Wellington last evening by Rev. Robt. Wilkinson of Ladysmith, uncle of the groom, the contracting parties being Joseph Wilkinson, eldest son of Mr. and Mrs. John Wilkinson, formerly of Nanaimo, now residents of the Old Country, and Miss Maudie, eldest daughter of Mr. and Mrs. Evan Davis, of South Wellington. The happy event took place at the home of the bride's parents, the bride who is a native daughter of Nanaimo, being given away by her father, and was attended by Miss Agnes Crossan of Ladysmith, the groom being supported by his cousin, Mr. Thomas Wilkinson of Chase river.

NEW SCHOOL FOR PHOENIX.

Phoenix, June 28.—The Phoenix school board will shortly commence preparations to build a new school to cost about $12,000. The government has placed $6,000 at the disposal of the board. The board has purchased a site on Knob Hill avenue, on which they held an option, and plans will be prepared at once. It is proposed to build a four roomed school at a cost of about $12,000 and if possible the school will be completed this fall.

Uncle Walt
The Poet Philosopher

My uncle lived a hundred years, and then he up and died; we planted him with sundry tears, one balmy eventide. He used to sit before the door, and mutter oft: "By heck! My years on earth have been fivescore, and I am still on deck!" And often there would gather near a large, admiring crowd, which made the old man shed a tear of joy, he was so proud. But I, who have a heart of steel, reproached him for his age; "you've lived so long," I used to spiel; "where have you hid your wage? Where is your book of golden deeds—what record does it give? A man is like the cheapest weeds, if he can only live. I'd rather write Lord Byron's rhyme, and die in life's fair dawn than raise long whiskers all the time, and just live on and on. I'd rather lead a hope forlorn, and thus give up my breath, than spend a lifetime chewing corn and dodging Old Man Death. We're here to labor and achieve, to do what good we may, to grind and saw and chop and weave, and churn and put up hay; to carry water in a sieve, to whistle hopeful tunes; and he who's satisfied to live, is full of musty prunes."

A 6-room new house, James Bay, good basement, thoroughly modern, near sea and car. $800 cash, balance arranged to suit..... .....$3,600

CRANBROOK CITY ENGINEER.

Cranbrook, June 28. — At the last meeting of the city council it was moved by Ald. Hunt and Jackson that H. Y. Parker be engaged as city engineer, to have charge of all city improvements, such appointment to take effect from the first of June, 1910, at a salary of $150 per month, subject to a by-law to be drafted by the city solicitor defining his duties.

A French scientist has figured that it would take a 350,000,000 candle power lamp to signal Mars, and even at that the Martians would have to use telescopes magnifying 10,000 times to see it.

SEMI-BUSINESS PROPERTY.

6-room house and lot within block and half of city hall. House is quite modern and is at present producing a revenue. Price $3,500, on reasonable terms.

DANGEROUS BUILDINGS.

New Westminster, June 28. — Fire Chief Watson has recommended to the council that many of the old buildings in the west end of the business section of the city should be torn down, as they constitute a grave menace. The chief pointed out that the wind in the summer was generally from the west and the collection of old wooden fire traps so close to the business houses was very dangerous in case of fire.

He proposes that the aldermen should pay a visit to the section of the town affected and see what had better be done. The district which the chief proposes to clean out is rather extensive and embraces part of Chinatown and some buildings occupied by Japs and Hindus.

The mayor and aldermen will visit the locality soon and decide on a course of action.

NANAIMO SEWERAGE SYSTEM.

Nanaimo, June 28.—At last night's meeting of the city council the contract for constructing the first portion of the city's proposed sewerage system was awarded to Macdougall & Co. of Vancouver, whose tender was $48,346.

No Heat Except Where Needed

TRAPPER FOUND DEAD.

Near Abuskong lake, in Gowganda district, two prospectors, named Grant and Husler, came upon a dead trapper in his cabin in the woods. They were wandering in the bush prospecting, and came upon the shack, around which there was absolutely no tracks, and went in, expecting to find protection from the flies while they ate dinner. Opening the door they found on the bed the body of a man, which, from its advanced stage of decomposition, must have been there for months. Beside the body were two pairs of snowshoes, a canoe and one paddle. In the cabin were all the fruits of his winter's work in the shape of furs, and it looked as if he were about to strike for civilization when death came. They went to Gowganda and reported, but have heard nothing further of the matter.

GIRLS INSTEAD OF BOYS.

An interesting innovation, it appears, is shortly to be introduced into the internal management of the London post office with a view to lessening what is known as the boy labor evil. There is a surplus of the messengers, who, when they grow up, find little scope for employment, and so it is proposed to transfer to girls certain of the duties now performed by boy messengers.

An order has been issued to the effect that the Postmaster-General has under consideration the transfer to girl probationers of duties connected with attendance on the staff of women, or in the instrument rooms in which women are engaged.

The girl messengers will be employed in indoor work of an elementary nature, and, it is understood, that permanent positions will be found for them in due course.

THE DAWN OF JUSTICE.

Roosevelt's return inspires a New York contemporary to the following poetical effusion:

(A New York Italian Speaks.)

IREESHA COP on da beat he say
"Gimma da orange" every day,
Stan' an' eata da firs' class meal,
Never know jus' how bad I feel,
For I laugh like da Signorita
When da fella she hate is meet-a,
Ireesha cop is—you say—too free,
Tony Black Hand he call-a me.

Ah, if he were da great Caruse,
—But he Ireesh, so what's da use?
I mus' pay Giacomo Frat
Wholesale price, but da cop, he's fat,
Beg an' strong wit' da rosy hair.
What is da difference? He don' care,
T'rows da skin on my nice, nice cart.
Ireesha cop he has got no heart.

But nex' week he will stop da game,
Beeg, beeg ship in da river came,
Whistle blow like da Wagner strain,
Ah, my stomach is full-a da pain,
Such a noise from da Yankee mutts,
Crack'a half of da cocoanuts,
Loud Whoo! WHOO!! In da firs' class pen
Teddy da Roose is land again.

Yankee flag on my nice, nice cart,
Ireesha cop widout da heart,
He is stan' by da crowd an' say
"Nobody passa disa way,
Standa back, or I break your head."
Santa Barbe, but his face is red,
An' I laugh, for he feels sor-e,
Laugh an' sing from Il Trovatore.

Teddy da Roose—he pass dis way
Yankees shoutin' a hip hooray,
Soon I go to hees house an' tell
"Ireesha cop not use me well,
Taka my orange, my nice banan',
Call me Condettiere man."
Ireesha cop hees job he loose,
Hip Hooray for Teddy da Roose!

EXPLOSION KILLS FIVE.

Eleven Others Sustain Injuries When Saloon Is Wrecked.

Minneapolis, Minn., June 29.—Five men were killed and eleven injured, two of them probably fatally, by an explosion which first wrecked and then set fire to the saloon of Edward Bushay, five miles north of Minneapolis, on the Anoka road last evening. Edward Bushay, the proprietor of the place, and George Miller were so badly burned that they will die.

The explosion of a gas tank in the basement blew the roof from the building, and fire immediately started. In half an hour the building was a mass of burning wreckage.

The demand for popular education in China is shown by the fact that in a single province the school attendance has increased 8,000 per cent. in five years.

Summer Furnishings

Typical Victoria Summer weather during the past few days—just a reminder that there's some warm weather coming, weather when camp fire will hold the preference.

You'll require something in the way of summer furniture and furnishings, and this is the store that can best fill your needs. You'll find an excellent assortment in every line mentioned below, and also many other items necessary to a proper Summer equipment.

Come and see what we offer.

REED AND LINEN FIBRE CHAIRS.

First and foremost on the list is the magnificent display of these delightful Summer chairs. Nothing more comfortable or more attractive than these new designs in reed and linen fibre chairs. There's a big choice of color combinations and some attractive designs are offered. These measure 20 x 20 inches. They are lightly priced, so get some for your summer home. Price **75¢.**

LOSES HIS LIFE IN SWIMMING POOL

Body of Law Student is Found in Eight Feet of Water

(Times Leased Wire.)

Seattle, Wash., June 29.—The body of George D. Bowe, drowned in the swimming pool at Luna park yesterday, will probably be sent to Tacoma for burial. Bowe, 26 years old, and a graduate from the law department of the university of Washington this year, came to Seattle from Tacoma Monday evening on a visit. Yesterday afternoon, with John Turve, a friend, he went to Luna park for a swim. The two men had been in the water about ten minutes when Turve missed Bowe. A search followed and the body was found at the bottom of the tank in 8 feet of water.

IN POLICE COURT

An altercation between James Campbell and Edward Spilker on June 24th, which resulted in many blows being struck without either party being injured, was recited in the police court to-day. After hearing several witnesses Magistrate Jay fined Campbell ten dollars. W. H. Langley appeared for Spilker.

Thomas Harrison, who pleaded guilty to sleeping on Johnson street under the influence of liquor, was fined $6, with the alternative of ten days' incarceration. He told the magistrate that a man gave him a drink from a flask during the morning and that it made him sleepy. He selected the pavement on Johnson street as a downy couch and awoke in the hands of the police.

"When I woke up," he said, "three or four dollars had gone from my pockets." There were several previous convictions against him.

For riding a bicycle on the sidewalk a youth was assessed five dollars and given a warning by the magistrate, in addition.

Several boys who had been stealing cherries were admonished to mend their ways.

Potatoes Flour Sugar

At prices that are worth your while reading.

Best Granulated Sugar, per 100 ..... $5.50 | Island Potatoes, per 100 .... 75c.

LIFE-SAVING HELMETS.

Apparatus for the Crews of British Submarines.

In view of the long series of fatal accidents to submarines great attention has been given to life-saving devices for use on board them in cases of emergency. The submarines of the British navy are now almost all equipped with such devices, says the London Mail.

The chief apparatus, which weighs 16 lbs., consists of an airtight helmet which extends to the wearer's shoulders, and which is continued into a short jacket of strong waterproof material. Within the helmet is a metal box containing a substance called oxyithe, which gives off pure oxygen when moistened. Two tubes are attached to the oxyithe chamber. The end of one the wearer puts into his mouth, the other opens into the cavity of the helmet near the top. The dress can be put on without assistance in thirty seconds.

When an accident occurs and the submarine begins to fill with water the helmet is at once put on and the mouthpiece on the oxyithe chamber tube is put in the mouth. As the water rises up under the skirts of the helmet, it compresses the contained air up into the head portion.

Trials have proved that when the water has risen up to the height of the wearer's shoulders the pressure of the contained air is sufficient to keep the water from rising higher. The wearer breathes in a portion of the air left in the helmet, and expels his breath through the tube leading to the oxyithe chamber. This moist, expired breath decomposes the oxyithe, setting free oxygen which in turn is poured out into the cavity of the helmet, through the second tube, so that it can be breathed again. Each chamber supplies enough oxygen to allow a man to breathe comfortably for an hour.

When all the crew have their helmets—which enable them to breathe in spite of dense fumes—in position, the conning tower is opened, and one after another the crew rise to the surface, the air in the helmet having sufficient buoyancy to bring them up like corks. A special device is fitted to enable the wearer on reaching the surface to inflate a flexible air chamber, which surrounds the jacket, and thus forms a lifebelt. Supported by this, he now may open a small glass window in the helmet and breathe the natural air till help arrives.

All our submarine men are now being trained in the use of this apparatus at Portsmouth in a deep tank, with an artificial "conning tower" arranged for the escape of the men.

The helmets are placed along the sides of the boats, which are fitted with "air-traps." If the boat is damaged the water pours in, confining the air in the traps, and so giving time for the men to put on the helmets.

Had these appliances been fitted in the A 1 or C 11 or the Pluviose, it is probable that all or the greater part of the crew would have escaped.

SUMMER HOME

1½ acres of good land at Shawnigan Lake, with two room cottage. Price $800

This property fronts on the lake, and is an ideal place for a summer home. It is situated within one minute's walk of the Strathcona hotel and is an exceptionally good buy.
